PUBLISHER'S ANNOUNCEMENT.

In placing the Buffalo Street Guide and Directory and also Knights of Pythias Lodge Directory before the members of the Knights of Pythias, we feel confident that we are supplying a want long felt by many, and though it may be still defective, the labor we have rendered our noble Order and the benefits to be derived therefrom, will be appreciated by all.

For years it has been customary among some lodges in this city to publish lists of the members of their lodges, but never before has any attempt been made to collect the names of all the members of the Order in this city and arrange them alphabetically in lodges, according to numbers, thus enabling anyone to perceive at a glance whether or not any particular person be a member of the Order.

By the publication of this Directory the entire membership of the City of Buffalo and Erie County has been virtually consolidated into one Directory instead of several directories, and also gives us valuable information of the City of Buffalo. It must be apparent to everybody that the publication of this Directory, containing as it does 1,300 names, must be attended with great labor and expense. While the labor would have been cheerfully rendered in so good a cause, it could not be expected that in addition thereto the publishers should also bear the expense to enable us therefore to publish the Directory and Guide and sell it at a very low price, we decided to insert a limited number of business advertisements, and it is due to the pecuniary aid rendered by these advertising members that its publication was made possible. We sincerely hope, therefore, that the generosity of these members will be so fully rewarded by increased patronage of members and their families, that if called upon to do so they will again lend the same aid and assistance in any necessary revision and re-publication of this Directory.

Trusting that the book may accomplish the good for which it is intended, *i. e.* the development of a better acquaintance and a more fraternal spirit among all members, we are

Respectfully yours in F., C. and B.,

ALBERT J. KUEBLER,

FRED. KRAEBEL.

STREET AND AVENUE DIRECTORY

EXPLANATION.

It will be noticed that in this Street Directory the names of the streets are set down in alphabetical order, giving the course which they run, according, as near as possible, to the points of the compass, and enumerating all streets which cross the same in the order in which they occur. The streets in the city were renumbered in 1868, and the following method was adopted, to wit: From the starting point of the street, measuring along the line of the street, 20 feet; then making No. 1 to the right-hand side, and No. 2 to the left-hand side, and so on, each 20 feet, whether there be a building or a vacancy or a street crossing. The number on one corner has been given, so that a person wishing to find, say 499 MAIN STREET, on consulting the Street Directory, finds that the right-hand corner of Main and Mohawk is No. 487, consequently the place he seeks is only a few doors above.

Well-known in the musical world by its fine ringing tone; quality; even scale; elastic well-balanced touch, and excellent repeating action. Cases are made in artificial manner. Besides this, we carry a well-assorted stock of Organs, Musical Instruments and latest publications of Music.  Exchanging. Tuning. Repairing.
