INTRODUCTORY.

IT is scarcely necessary for us to speak of ourselves or our goods; the firm is too well known to require introduction, while thousands of satisfied customers all over the country know and appreciate the worth of our manufactures.

In the future, we hope by continued fair dealing and close attention to the wants of our patrons, to retain the approval of our old friends, and merit that of a host of new ones.

Our aim is to produce GOOD GOODS as cheap as is possible. Cheap goods are dear at any price.

We solicit your patronage.

CONDITIONS.

THIS Catalogue supercedes all previous issues.

All prices are subject to a discount **for cash**.

No charge for packing furniture nor for boxing goods of any kind.

It is unnecessary to mutilate the Catalogue. Give the name, number and price, mentioning the list number (42) and we will know what to send.

Unless otherwise ordered, all goods are shipped by Express. We will not be responsible for loss, damage or delay, in freight shipments.

We guarantee every article of our manufacture to be exactly as represented, and will at any time send samples for inspection. Requests for samples must be under the seal of the Lodge, and goods must be returned, unused and unsoiled, within ten days, parties ordering to pay express charges both ways.

Any article except banners, seals, funeral rosettes, badges, or similar goods bearing the lodge's name, or goods made to special order, when ordered by a lodge over its seal, will be sent subject to approval, and if not satisfactory may be exchanged within ten days—not after that time.

Secret properties will not be sent unless the order bears the approval of the Grand Keeper of Records and seal. Remember this.

TERMS.

DISCOUNTS are given only for cash.

Unless the seal of the lodge is upon the order, all goods will be sent C. O. D., with privilege of examination before paying invoice, we paying return charges upon all C. O. D.'s of \$25.00 **net** or over.

All orders, not from a lodge under its seal, amounting to less than Ten Dollars **net**, should be accompanied by the cash, saving to the customer return charges upon the C. O. D., and to us extra labor in keeping track of the shipments.

Remittances may be made in New York or Chicago exchange, by express, or by express or postal money orders. Local checks are not desirable, but if sent, must cover cost of exchange.

A word as to C. O. D. Shipments.—Our business is large, mail orders coming from every part of the country. Persons may be highly rated in their own city, and yet entirely unknown to us; reliable and responsible, and yet not rated in the mercantile agency reports, our natural guide upon such matters. Such being the case, they should not take it amiss that shipment of their goods is made C. O. D.—always with privilege of examination.

 See terms on New Lodge Outfits under “New Lodge Outfits.”

REGALIA.

The legal Regalia for members of the Knights of Pythias is now, under the legislation of the Supreme Lodge, session of 1892, for Pages, a *Blue Collar* ; for Esquires, a *Yellow Collar*; for Knights, the Knights' Jewel, and for Officers and Past Officers, the prescribed Jewel of their respective rank, *and* under date of 1890 the Supreme Lodge has ruled that all Officers and Past Officers *must wear the Jewel of the highest rank to which they have attained and are legally entitled, in order to be admitted to or sit in a Lodge.*

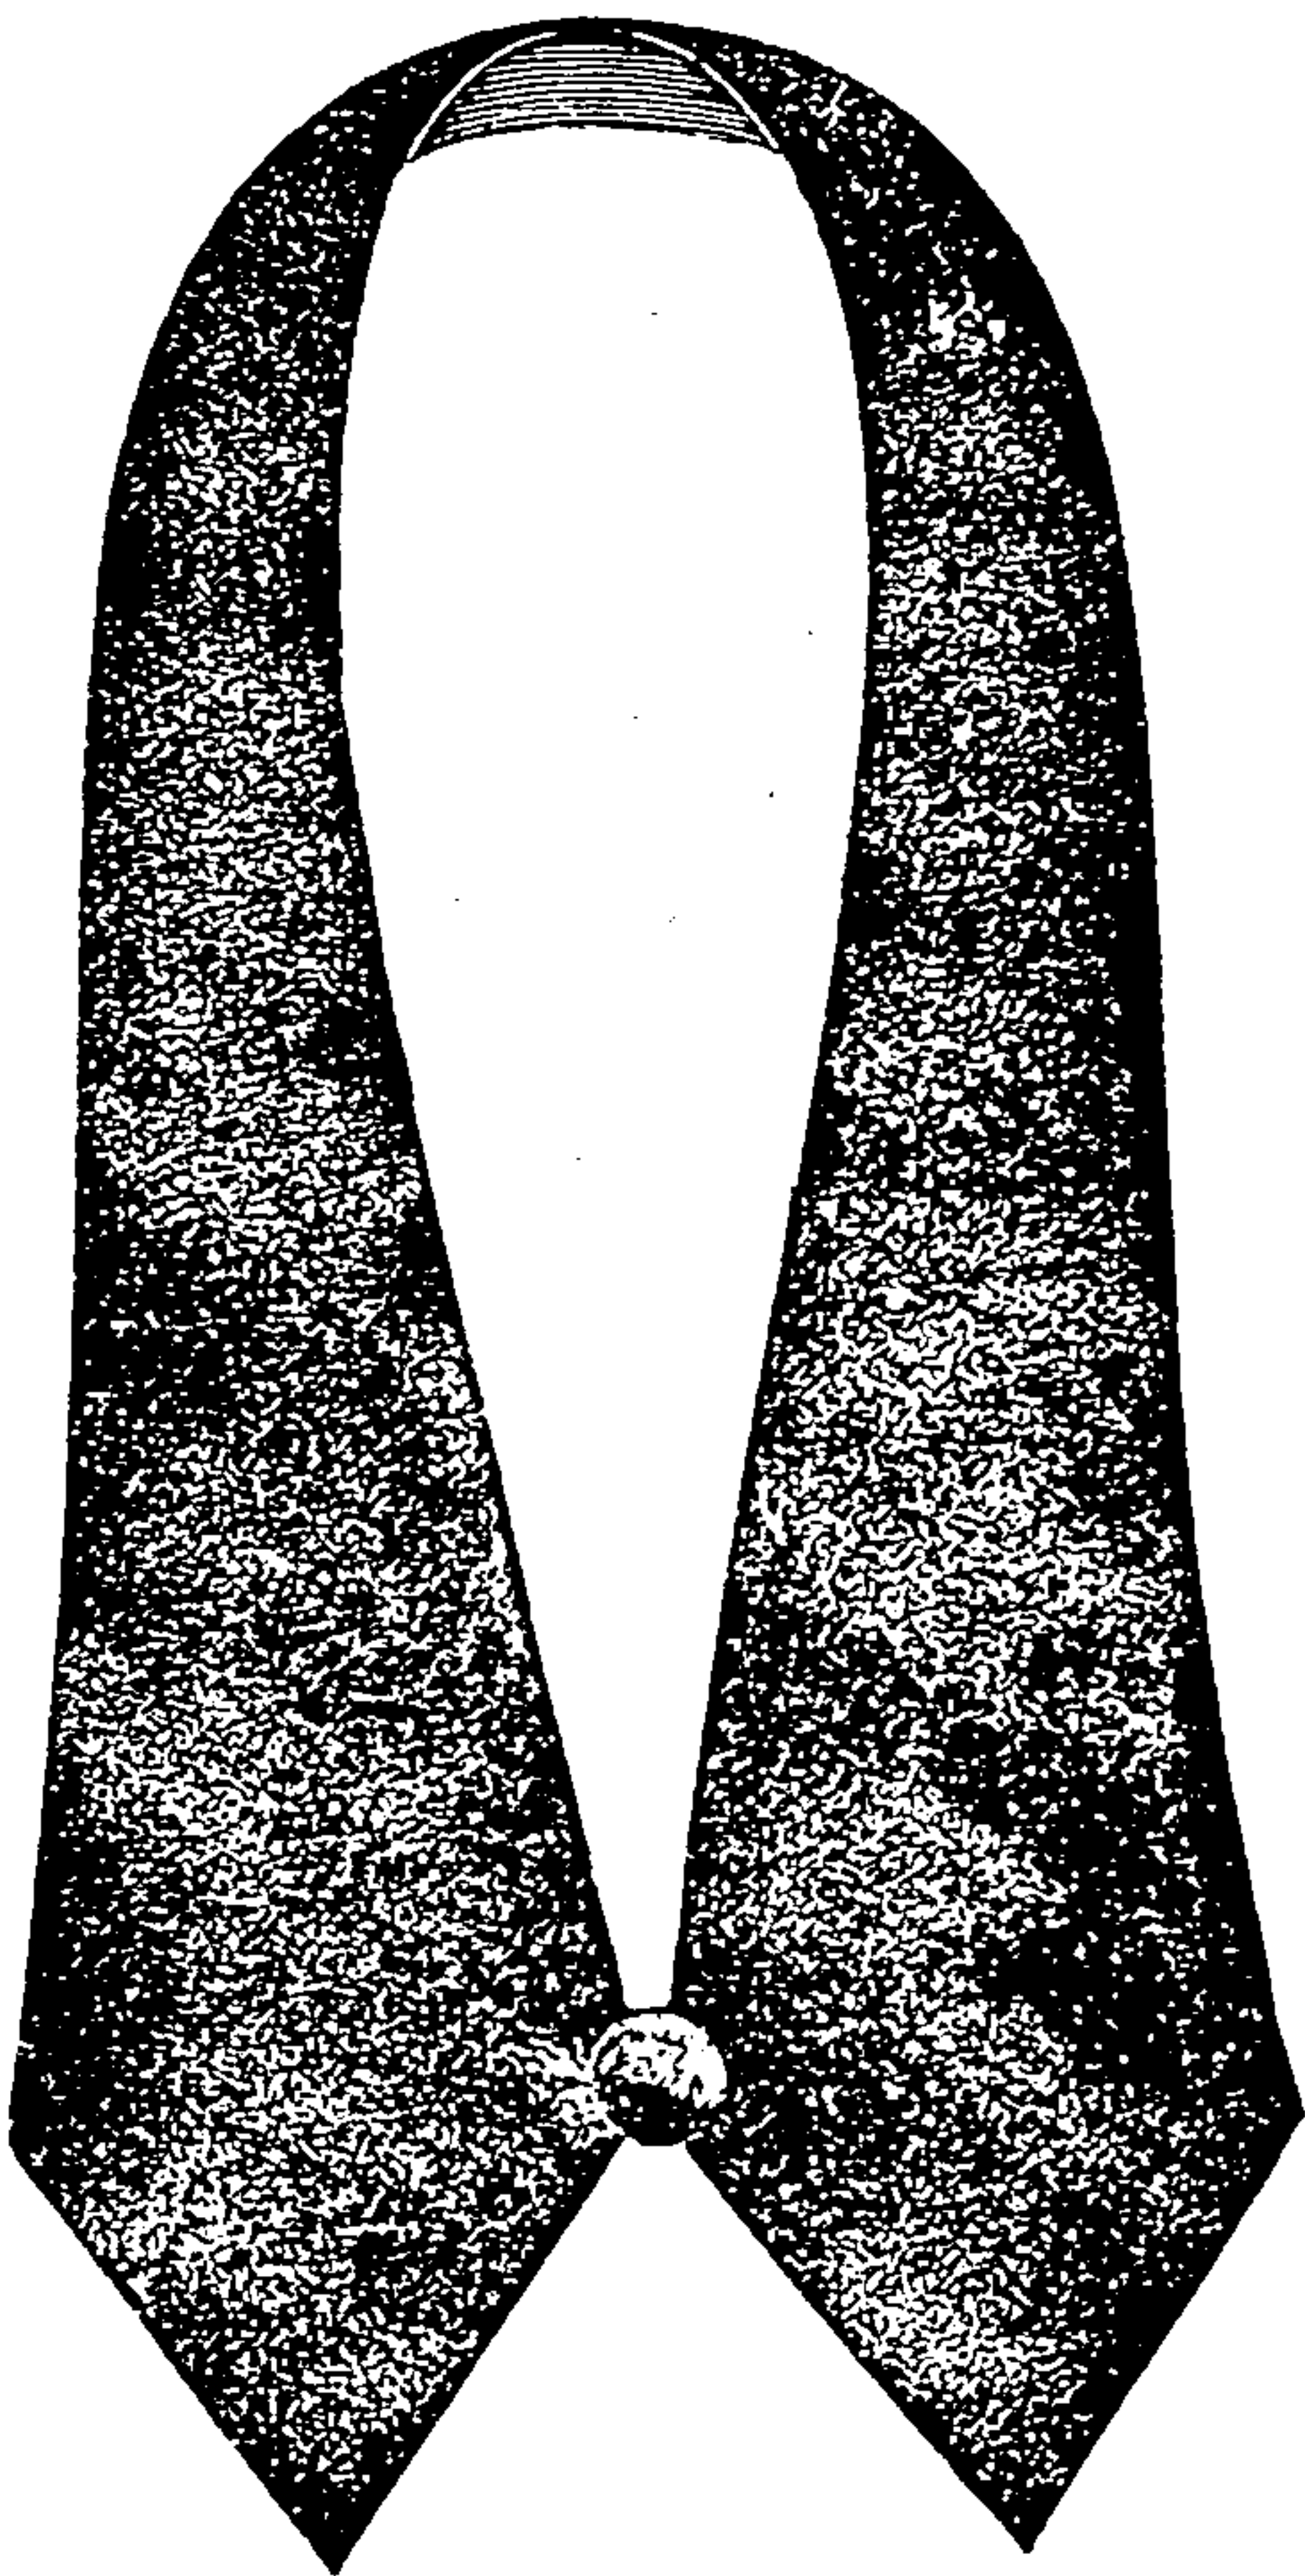

COLLARS FOR PAGES AND ESQUIRES.

In listing these Collars we call the attention of our patrons to the fact that we make them up only in the reversible pattern, one side blue the other side yellow.

While they will cost a trifle more than the single Collars, they do double duty.

MAGIC LANTERN SLIDES.

The Magic Lantern, Sciopticon or Stereopticon can be made a great aid in impressing the lectures of the different ranks upon the mind of the candidate.

We list for the first, or Rank of Page, a set of slides, artistic in design and finish, depicting the various scenes of the story then told, as follows:

- 1.—“The friendship of Damon and Pythias.”
- 2.—“Damon, under sentence of death.”
- 3.—“Pythias begs a respite.”
- 4.—“Pythias, a hostage.”
- 5.—“Calanthe urges her lover to fly.”
- 6.—“Damon’s last fond embrace.”
- 7.—“The hostage brought to the block.”
- 8.—“Damon has saved his friend.”
- 9.—“Friendship sits upon the throne.”

4435. The set of nine scenes, as above, handsomely colored, in a neat box. \$18 00

For the third, or Rank of Knight, to render more effective the charge on page 53 of the ritual, we list another set of slides, fully equal to the first.

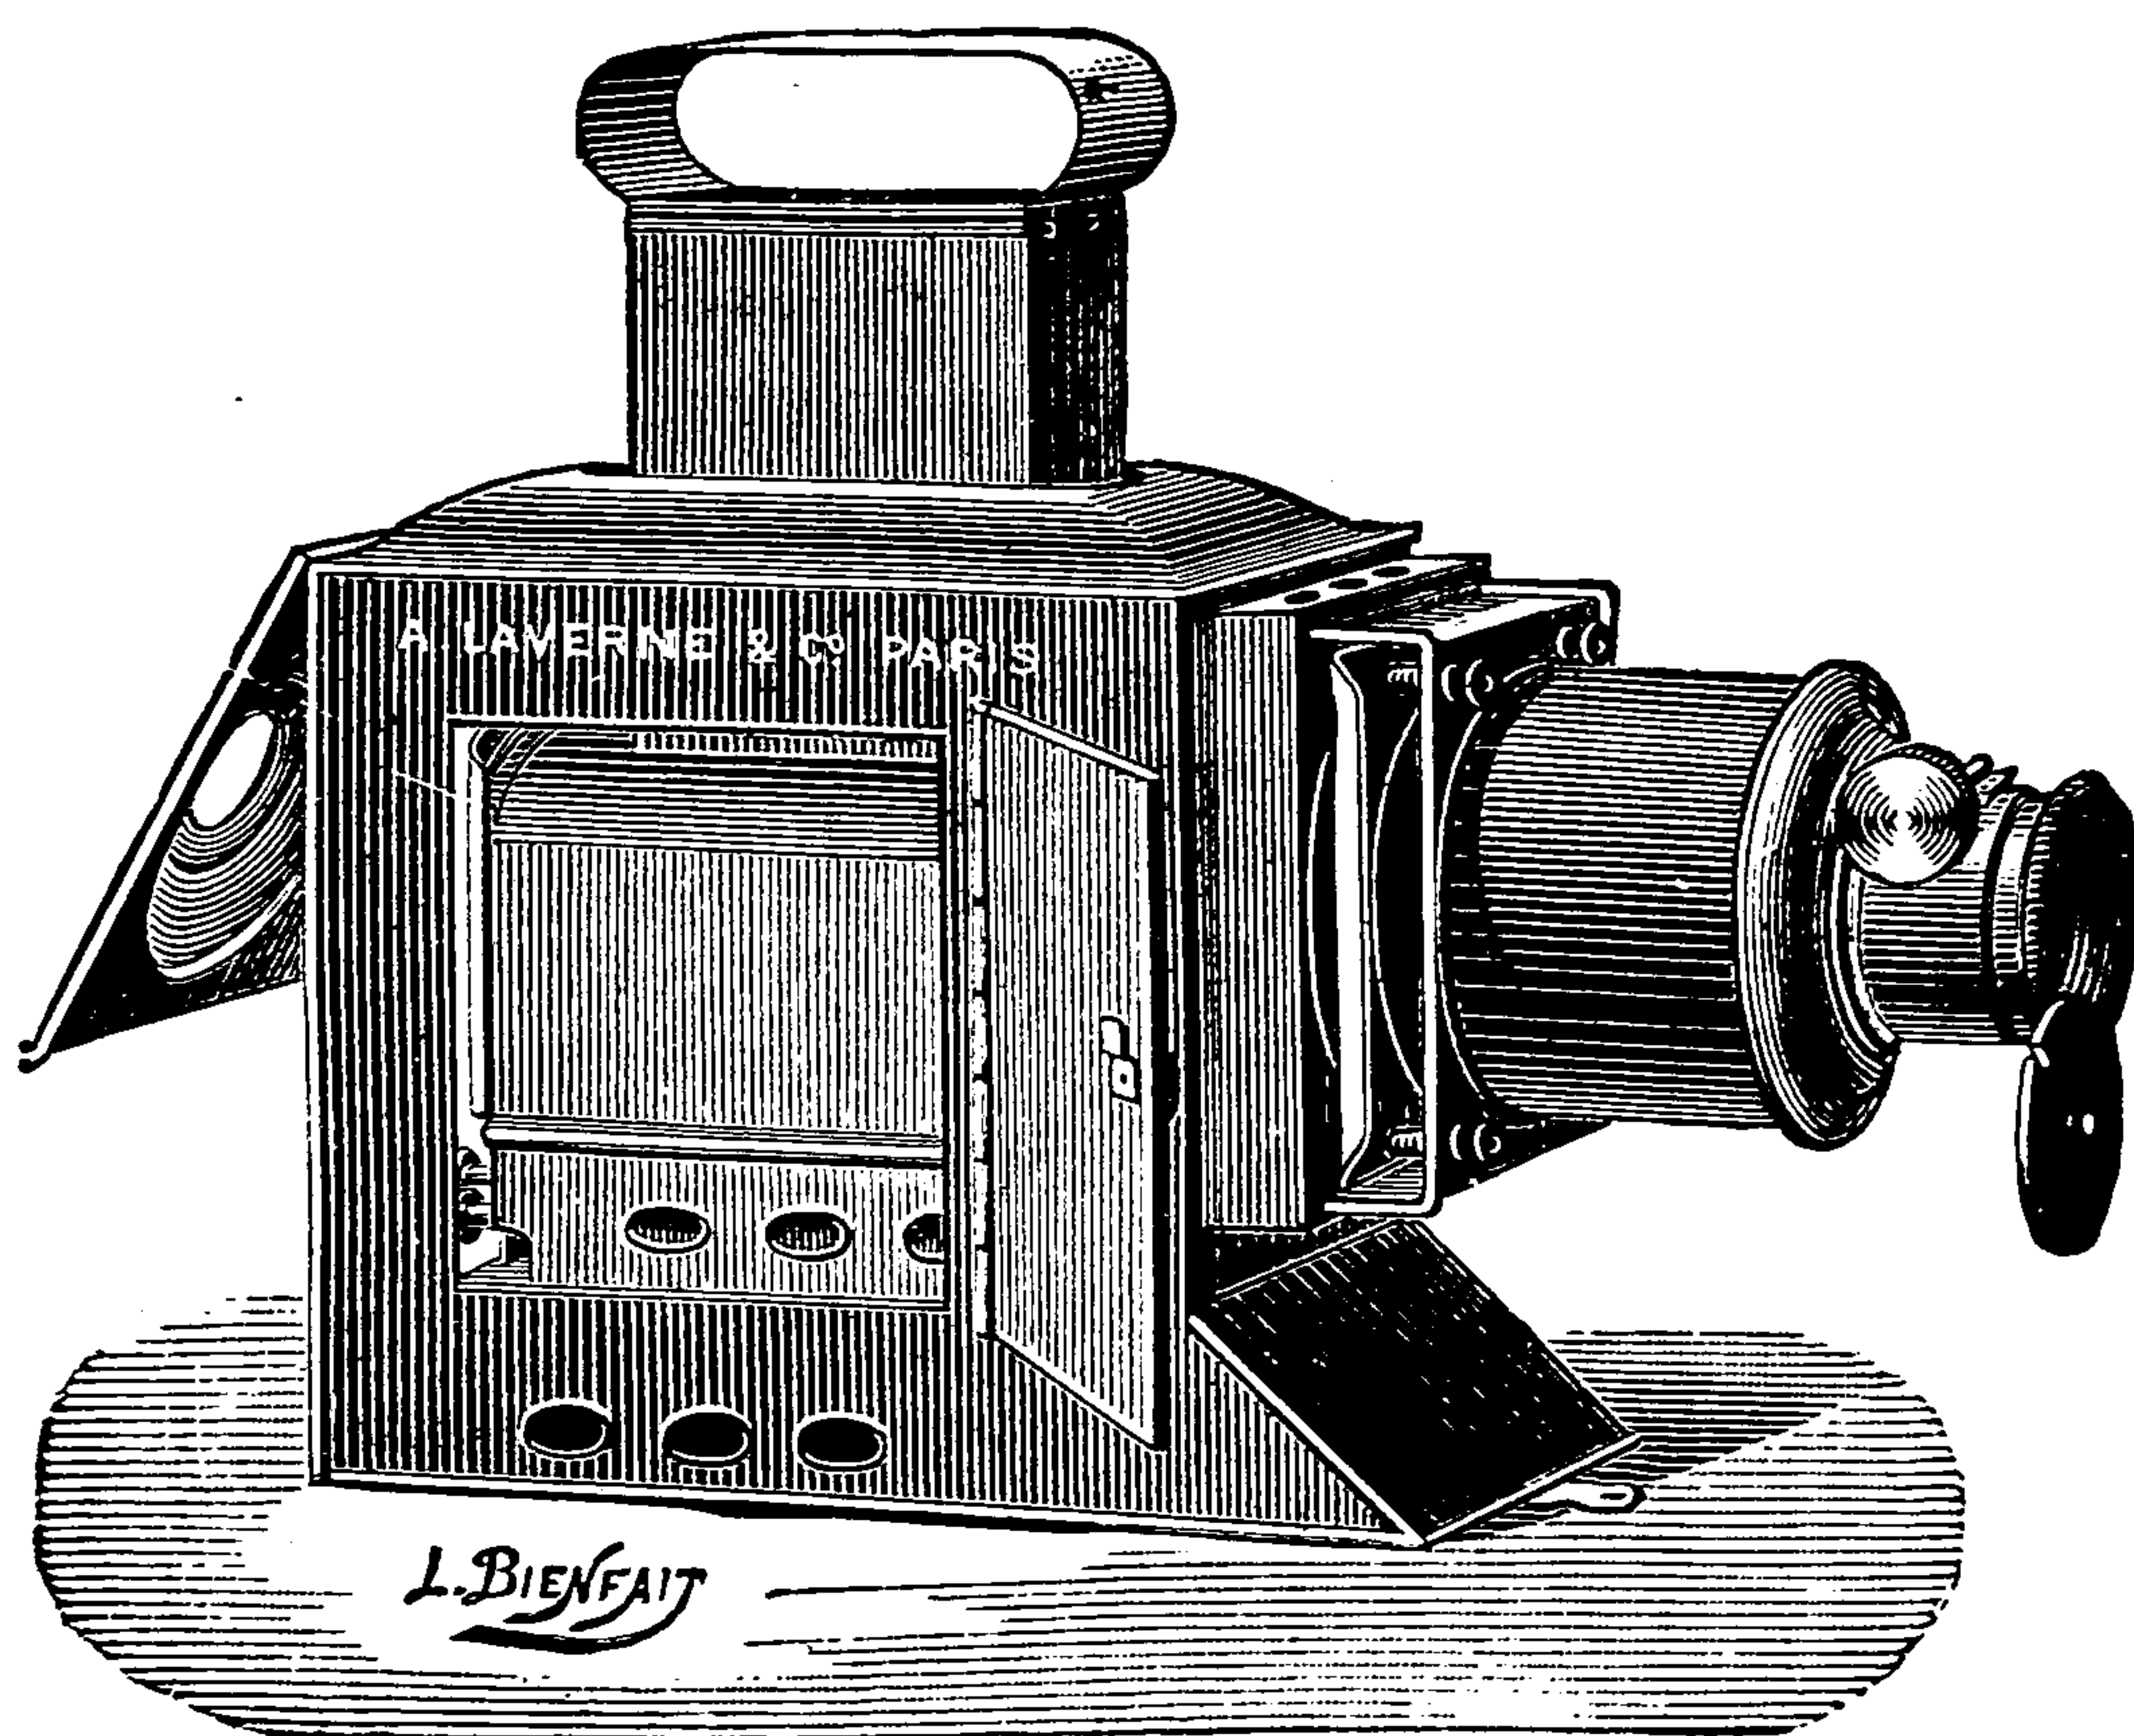

- 1.—“The arts of ancient Egypt.”
- 2.—“Through flower-bespangled plains.”
- 3.—“Along the mountain side.”
- 4.—“Down to a sunless sea.”
- 5.—“Countless horrors lurk unseen.”

4436. The set of five scenes, handsomely colored, in a neat box. \$10 00

MAGIC LANTERNS AND STEREOPTICONS.

For the benefit of Lodges desiring to use the slides in conferring the Ranks, and who are not already possessed of a Magic Lantern or Stereopticon, we list a line of the most popular Lanterns, Sciopticons and Stereopticons of the very best manufacture. As will be seen, we have made special prices upon them, including with every one a screen of superior quality, and all accessories necessary for good results.

MAGIC LANTERNS.

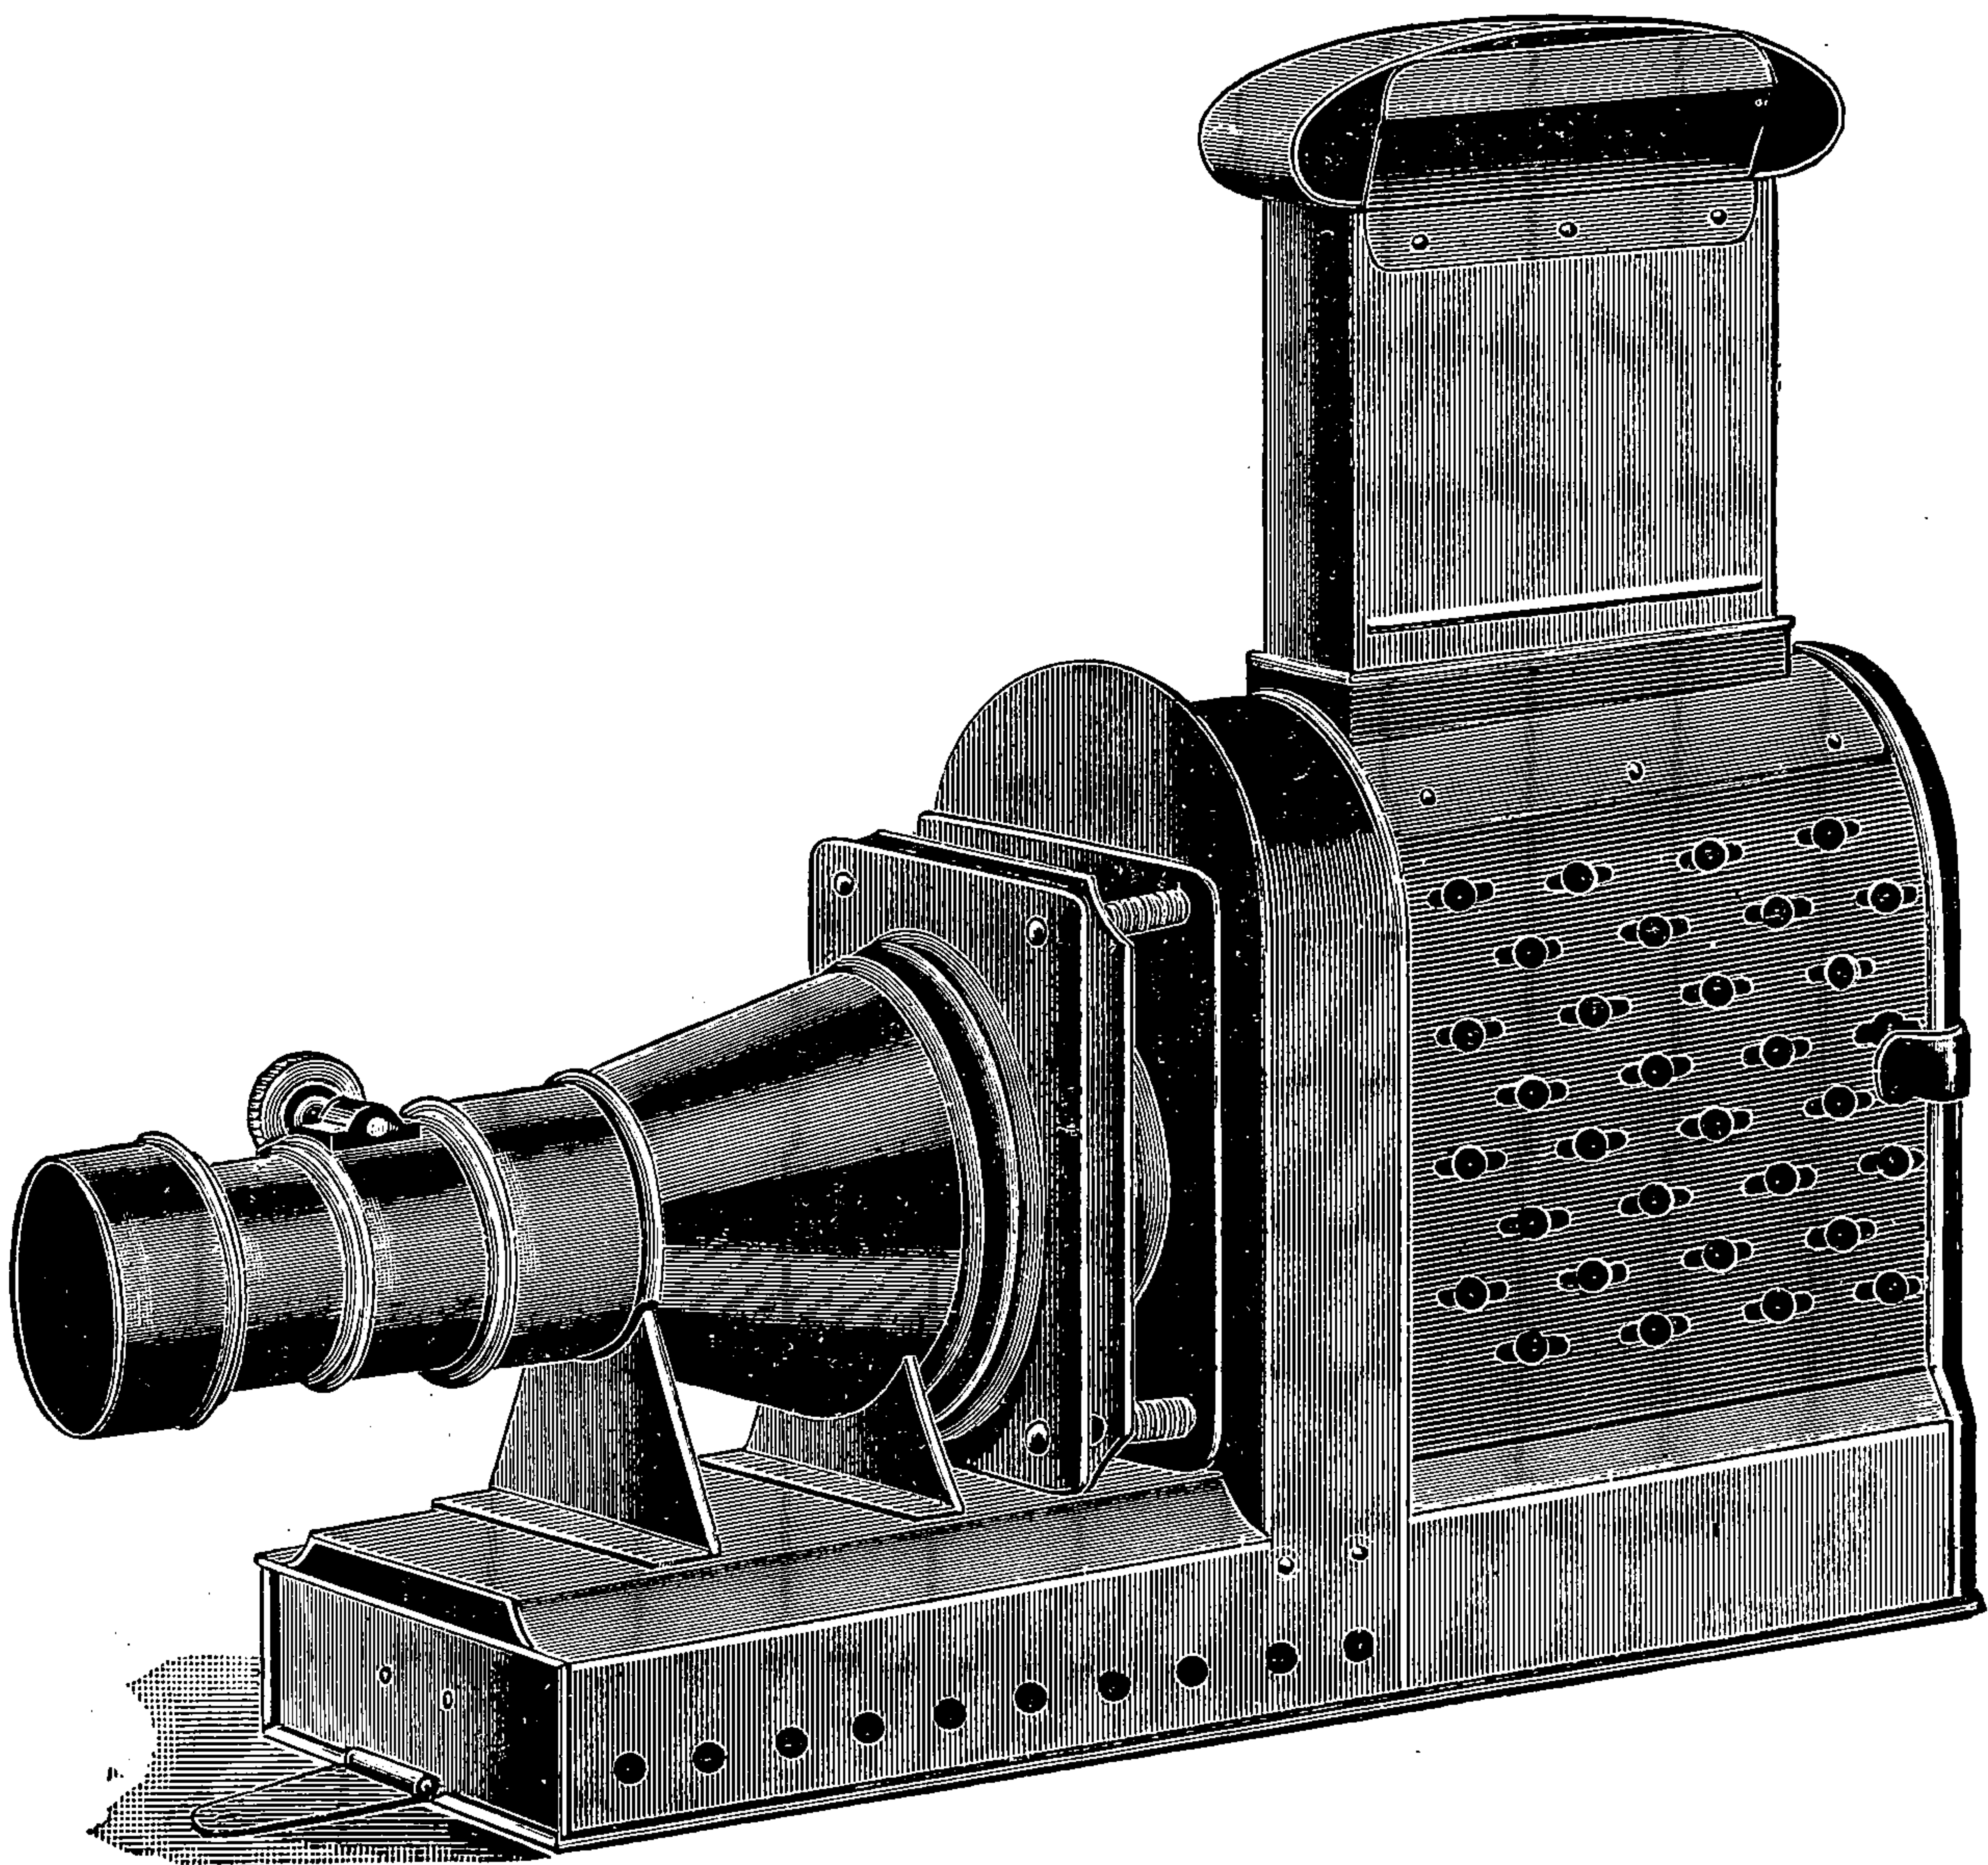

4438.

THE BEST IS ALWAYS THE CHEAPEST.

MAGIC LANTERNS--Continued.

4438. The "Excelsior" Sciopticon, with patent three wick lamp, which gives a uniform illustrated field up to twelve feet in diameter, 4 inch plano convex condensing lenses, mounted in brass, spring clip for holding carrier with slide, has fine "achromatic objective," with a rack and pinion adjustment for focus, packed in russia iron case, which can be used as a stand for lantern, supply of glasses, wicks, funnels and can for lamp. (See illustration, page 27.) Each, including screen.....\$30 00

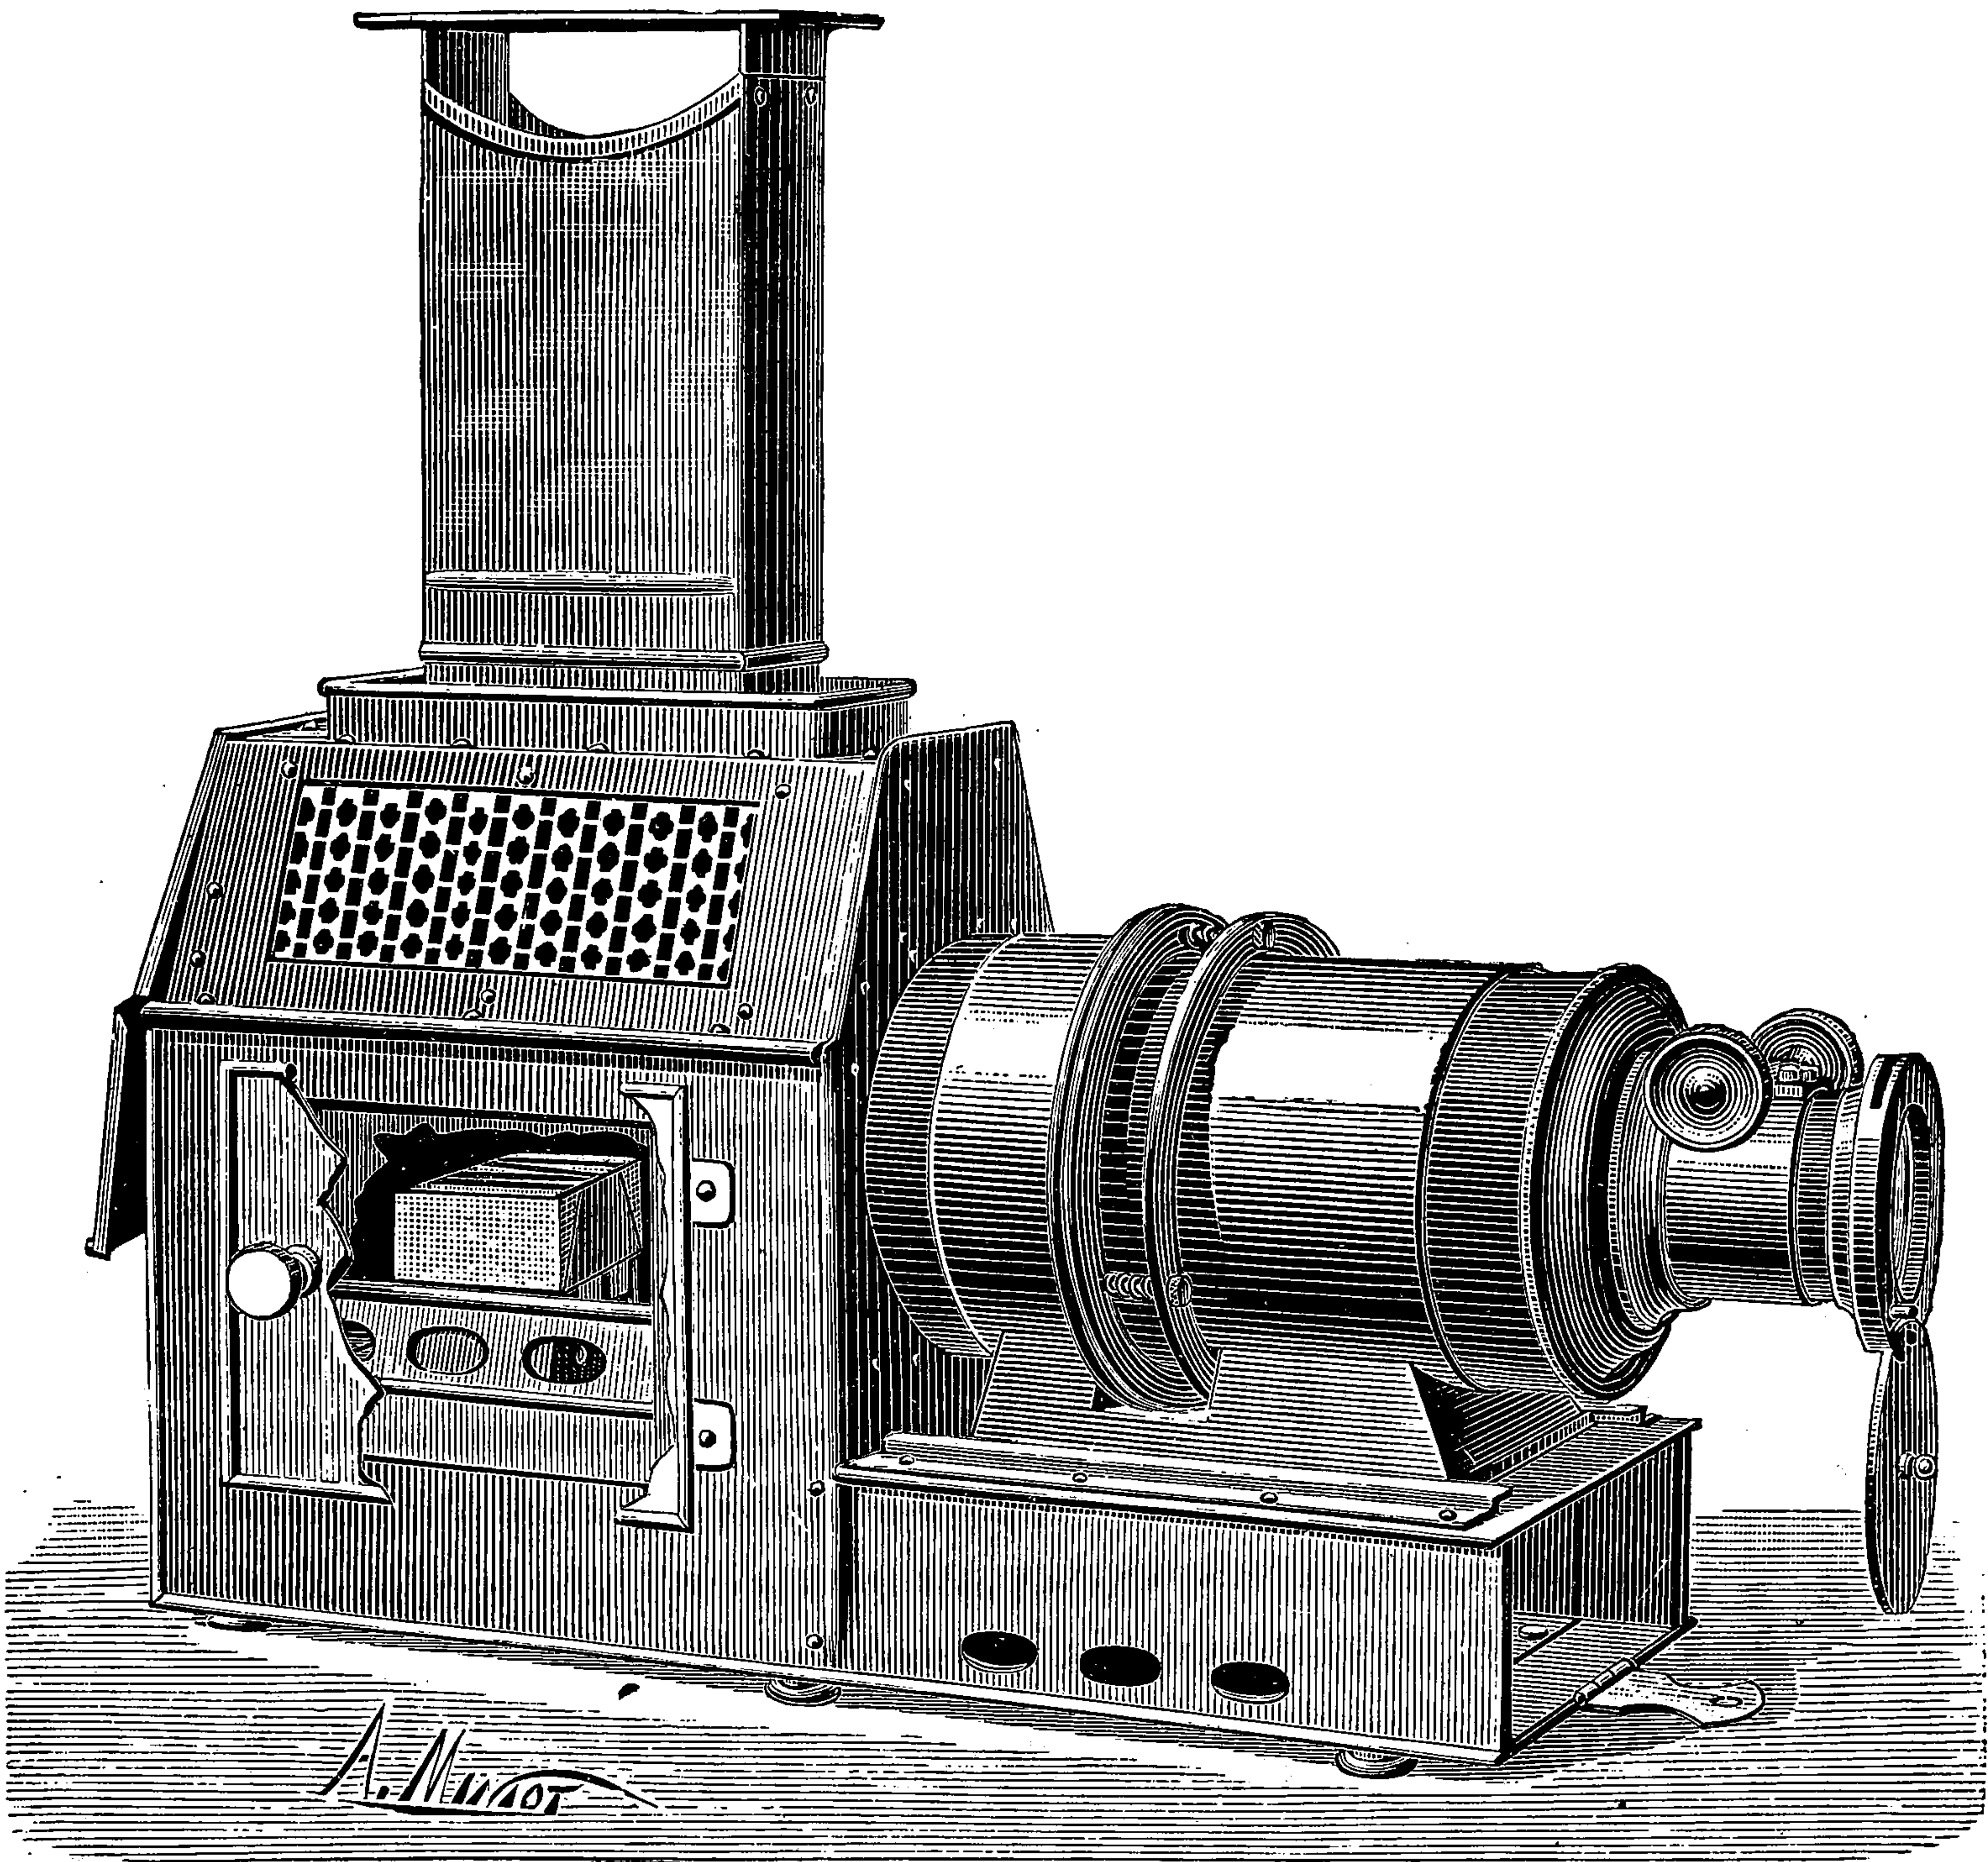

4439.

4439. The Peerless Sciopticon is made of Russia sheet iron; has a double body, the outer one being perforated to avoid heating; extension front with nickel-plated hood, which shuts off all reflected and diffused light; spring clip for holding carrier with slide; patent triunial lamp, the light of which is intensely white and has never been equalled for brilliancy and uniformity of illumination; the flame is regulated by an opening in the rear of the Lantern, through a tinted glass which avoids confusing the eyesight, gives a uniform illuminated disk of 12 feet and a 10 foot sharp cut picture at a distance of about 18 feet from the screen; has fine achromatic objective, with a rack and pinion adjustment for focus; a pair of 4 inch plano convex condensing lenses, mounted in brass; packed in a neat Russian iron case with lock, which can be used as a stand for the lantern; supply of glasses, wicks, funnels and can for lamp. (See illustration.) Each, including screen..\$42 00

MAGIC LANTERN ILLUSTRATION ADDS GREATLY TO THE INTEREST.

MAGIC LANTERNS--Continued.

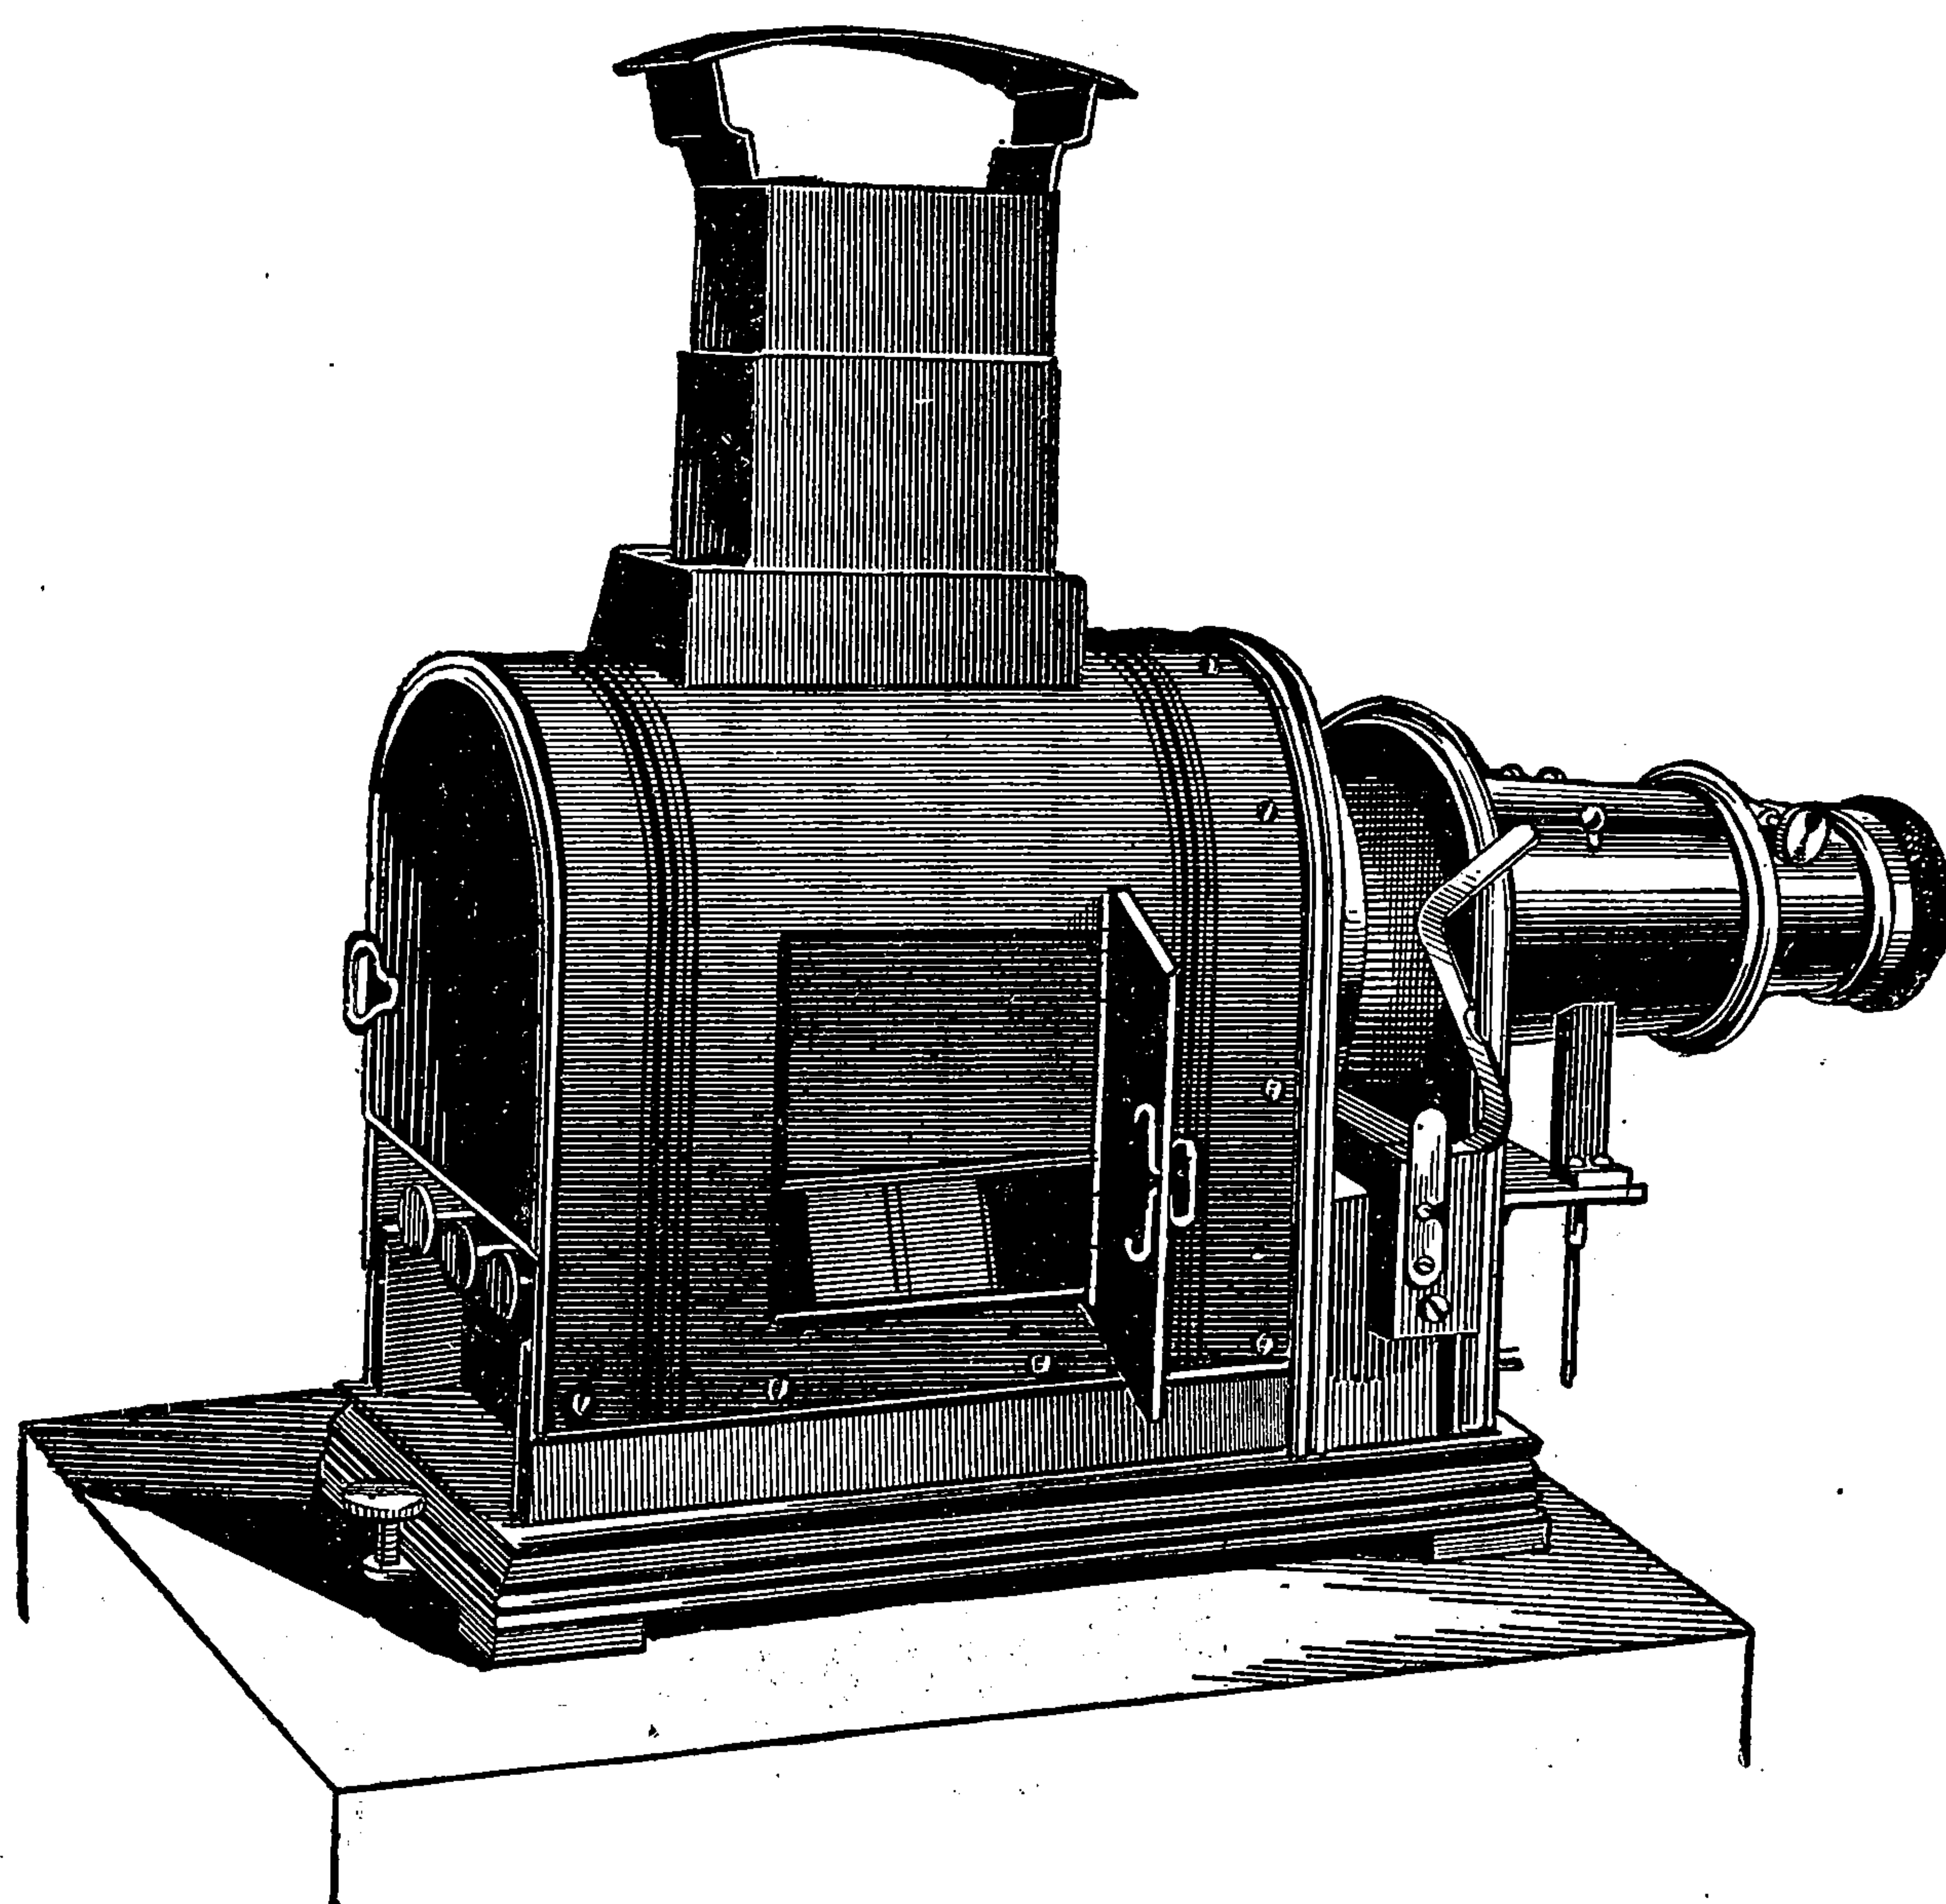

4440.

4440. The Mansard Sciopticon is the latest improved production of a celebrated Parisian manufacturer, having all necessary advantages to make it the most complete apparatus on the market. It has a patent four wick (set at an angle) lamp, giving a most brilliant uniform field of illumination to 12 feet; the flame is regulated by an opening in the rear of the lantern through a tinted glass, avoiding confusion of the eyesight; a pair of the best French crystal plano convex condensing lenses heavily mounted in brass, cell so arranged that lenses can be readily removed if required, and adjusted to heat and cold (expansion and contraction); special double achromatic French crystal objective, with double thumb screw to rack, and pinion adjustment slot for inserting tinters; attached sliding cap shut-off. Russia sheet iron body, with perforated double mansard top; side door for use with jets with cases; extension front; spring clip for holding slides, which can be inserted from top or side; brass parts handsomely nickel-plated; carrying case, which can be used as a stand for the apparatus. (See illustration.) Each, including screen\$52 00

EVERY DEPARTMENT IN CHARGE OF EXPERIENCED WORKERS.

MAGIC LANTERNS--Continued.

4441.

4441. The "Standard" Lantern is the most complete for Lodge purposes and most simple in operation. The front lenses are the finest French manufacture, are both achromatic and aplantic, brass rack adjustment for focusing. The $4\frac{1}{8}$ inch double condensing lenses are of superior quality French white glass. The new and greatly improved three wick lamp, will produce more light and a brighter picture than any other oil lamp. The lamp when in use can be easily examined, the three flames seen and adjusted to any desired brilliancy without interfering with the picture which is being shown. On the front are three metal rods with knobs, one of which when pushed down gives the appearance of a curtain rising in front of the picture; the other rods are connected with colored glasses, with which many fine effects can be produced, such as sky, blue clouds, etc. The mechanism for the introduction of slides is the only one in use whereby a slide can be used vertically as well as horizontally. The case is ventilated so as to prevent overheating. New tinters and shutter, arranged to slide in the brass tube, also panoramic walnut frame, are included. Packed in strong box with lock and handles. Full printed directions accompany each Lantern, also extra wicks and screen. (See illustration.) Each.....\$62 00

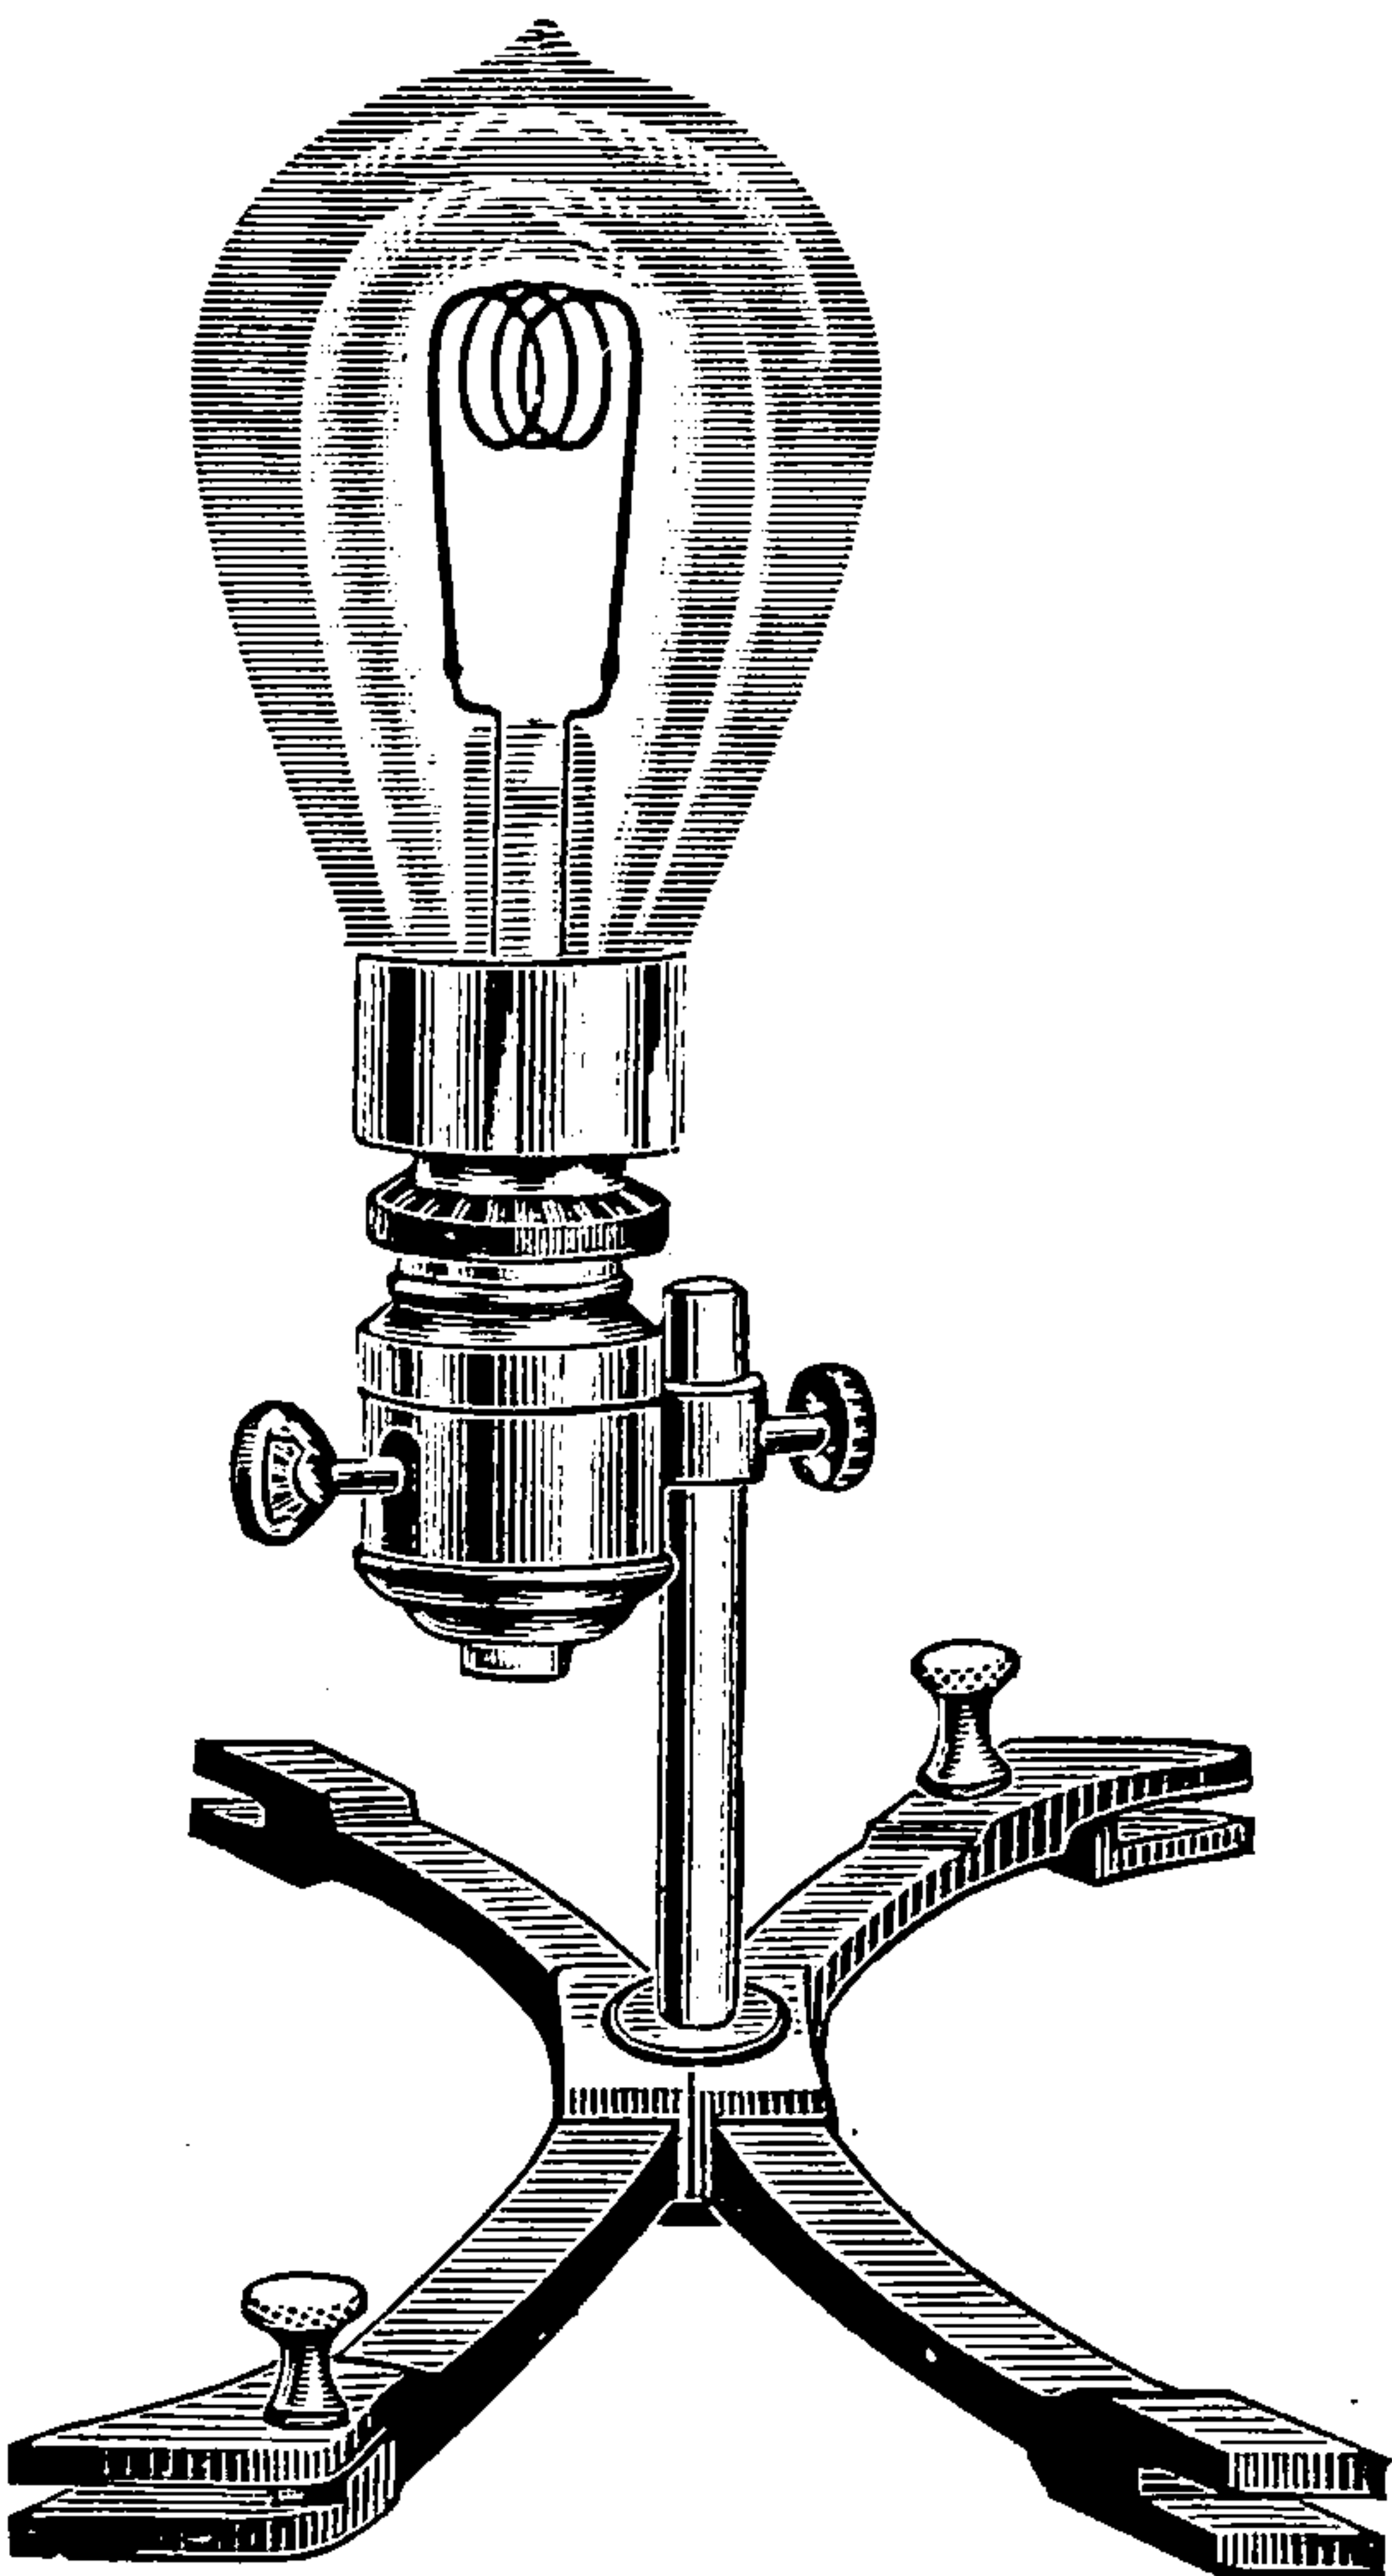

WE GIVE ATTENTION TO EVERY DETAIL.

MAGIC LANTERNS--Continued.

For those Lodges whose halls are equipped with electric light circuit, we can furnish either 150 or 300 candle-power incandescent lamps, with spiral carbon attached to a base, and ready to be used in any of the preceding sciopticons in place of the oil lamp. The lamp can be furnished for a current of either 50 or 110 volts and with it a very good 15-foot picture can be made, while the cost of running is trifling.

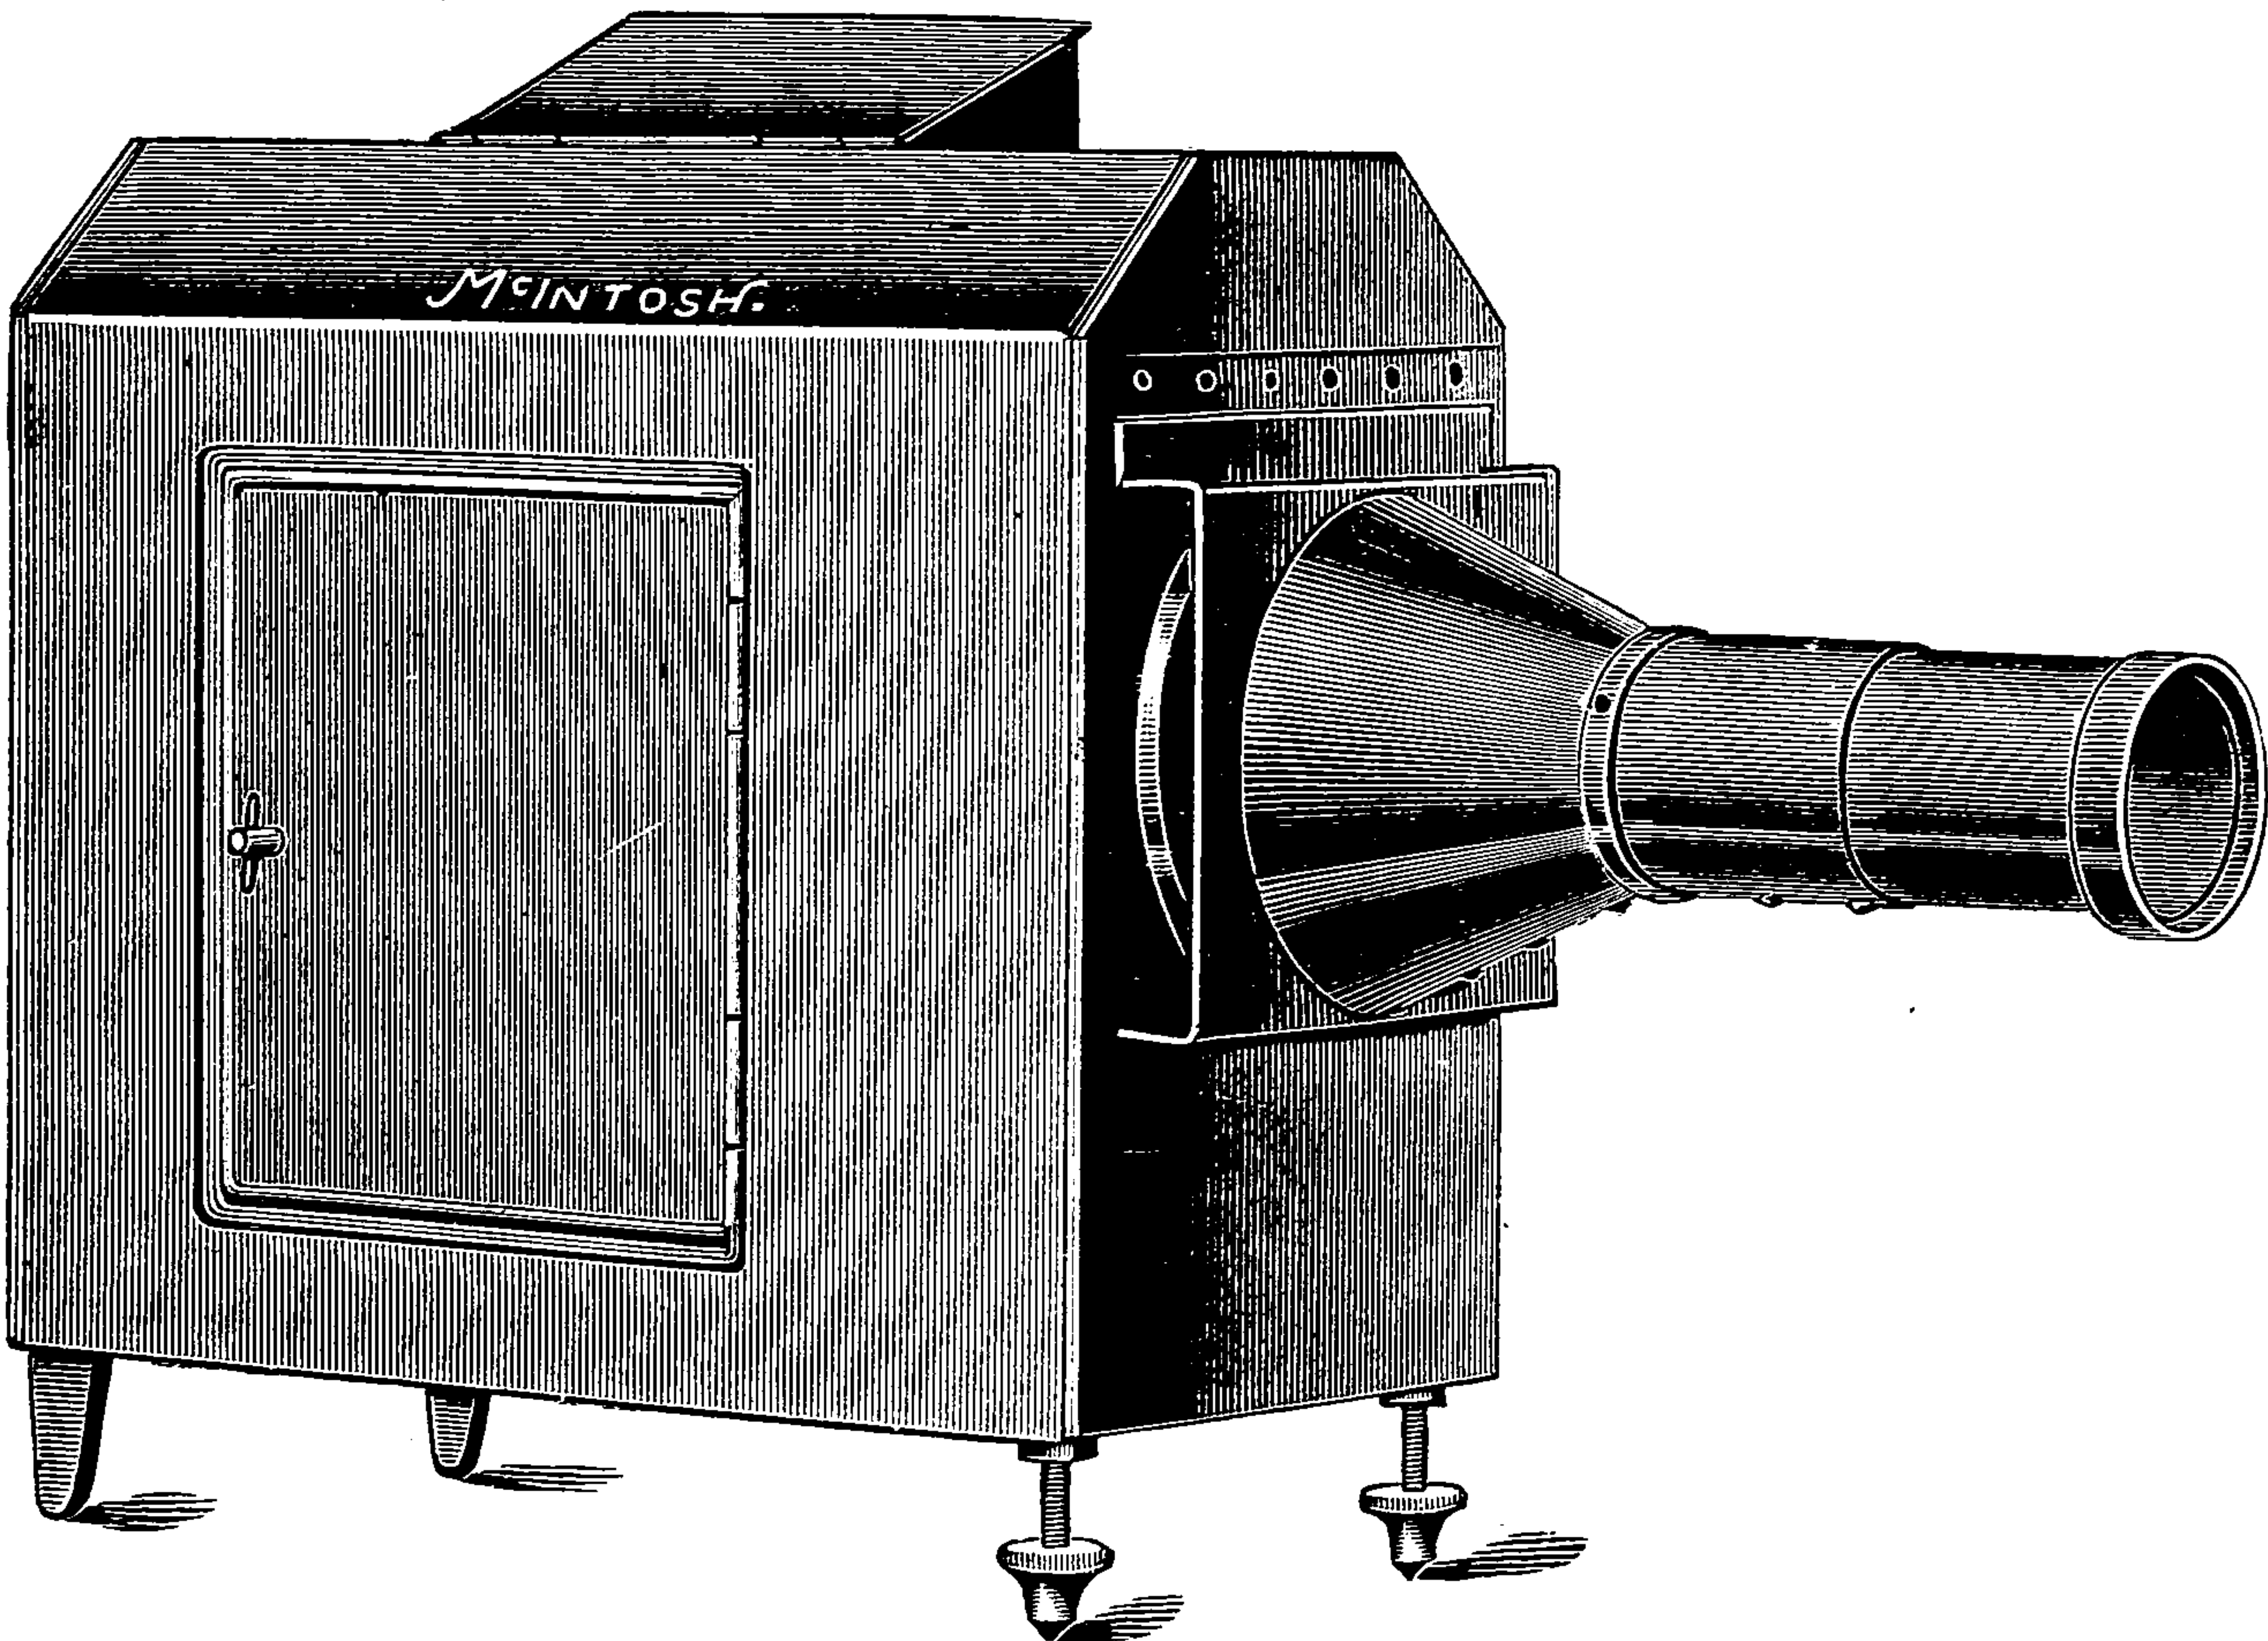

In ordering, state the current in the circuit.

INCANDESCENT SCIOPTICON.

4445.

4445. The Sciopticon here illustrated is designed for use where halls are lighted by electricity, permitting the use of the current for the Sciopticon, and while small, is a very powerful Lantern, having a full size condensing lenses and achromatic objective. It is furnished with either 150 c. p. lamp for a 50 volt current or 300 c. p. lamp for a 110 volt current. As the lamp *must* be adapted to the current supplied, be particular to mention the available current in ordering. Complete with all accessories, including screen. (See illustration.).\$50 00

IMPRESS LODGE SEAL UPON ALL ORDERS.

DISSOLVING VIEWS.

Beautiful effects may be produced by the use of two lanterns and a dissolving key, whereby the pictures are shown alternately from either lantern and in changing seem to melt into each other. When two oil or electric lanterns are purchased, we furnish the dissolver without extra charge.

We can furnish arc-light lanterns at from \$200.00 upward, while lime-light lanterns, with all accessories for making and using the light, can be had at various prices, \$120.00, \$150.00, \$200.00, \$300.00, and upward to \$500.00 and \$1000.00.

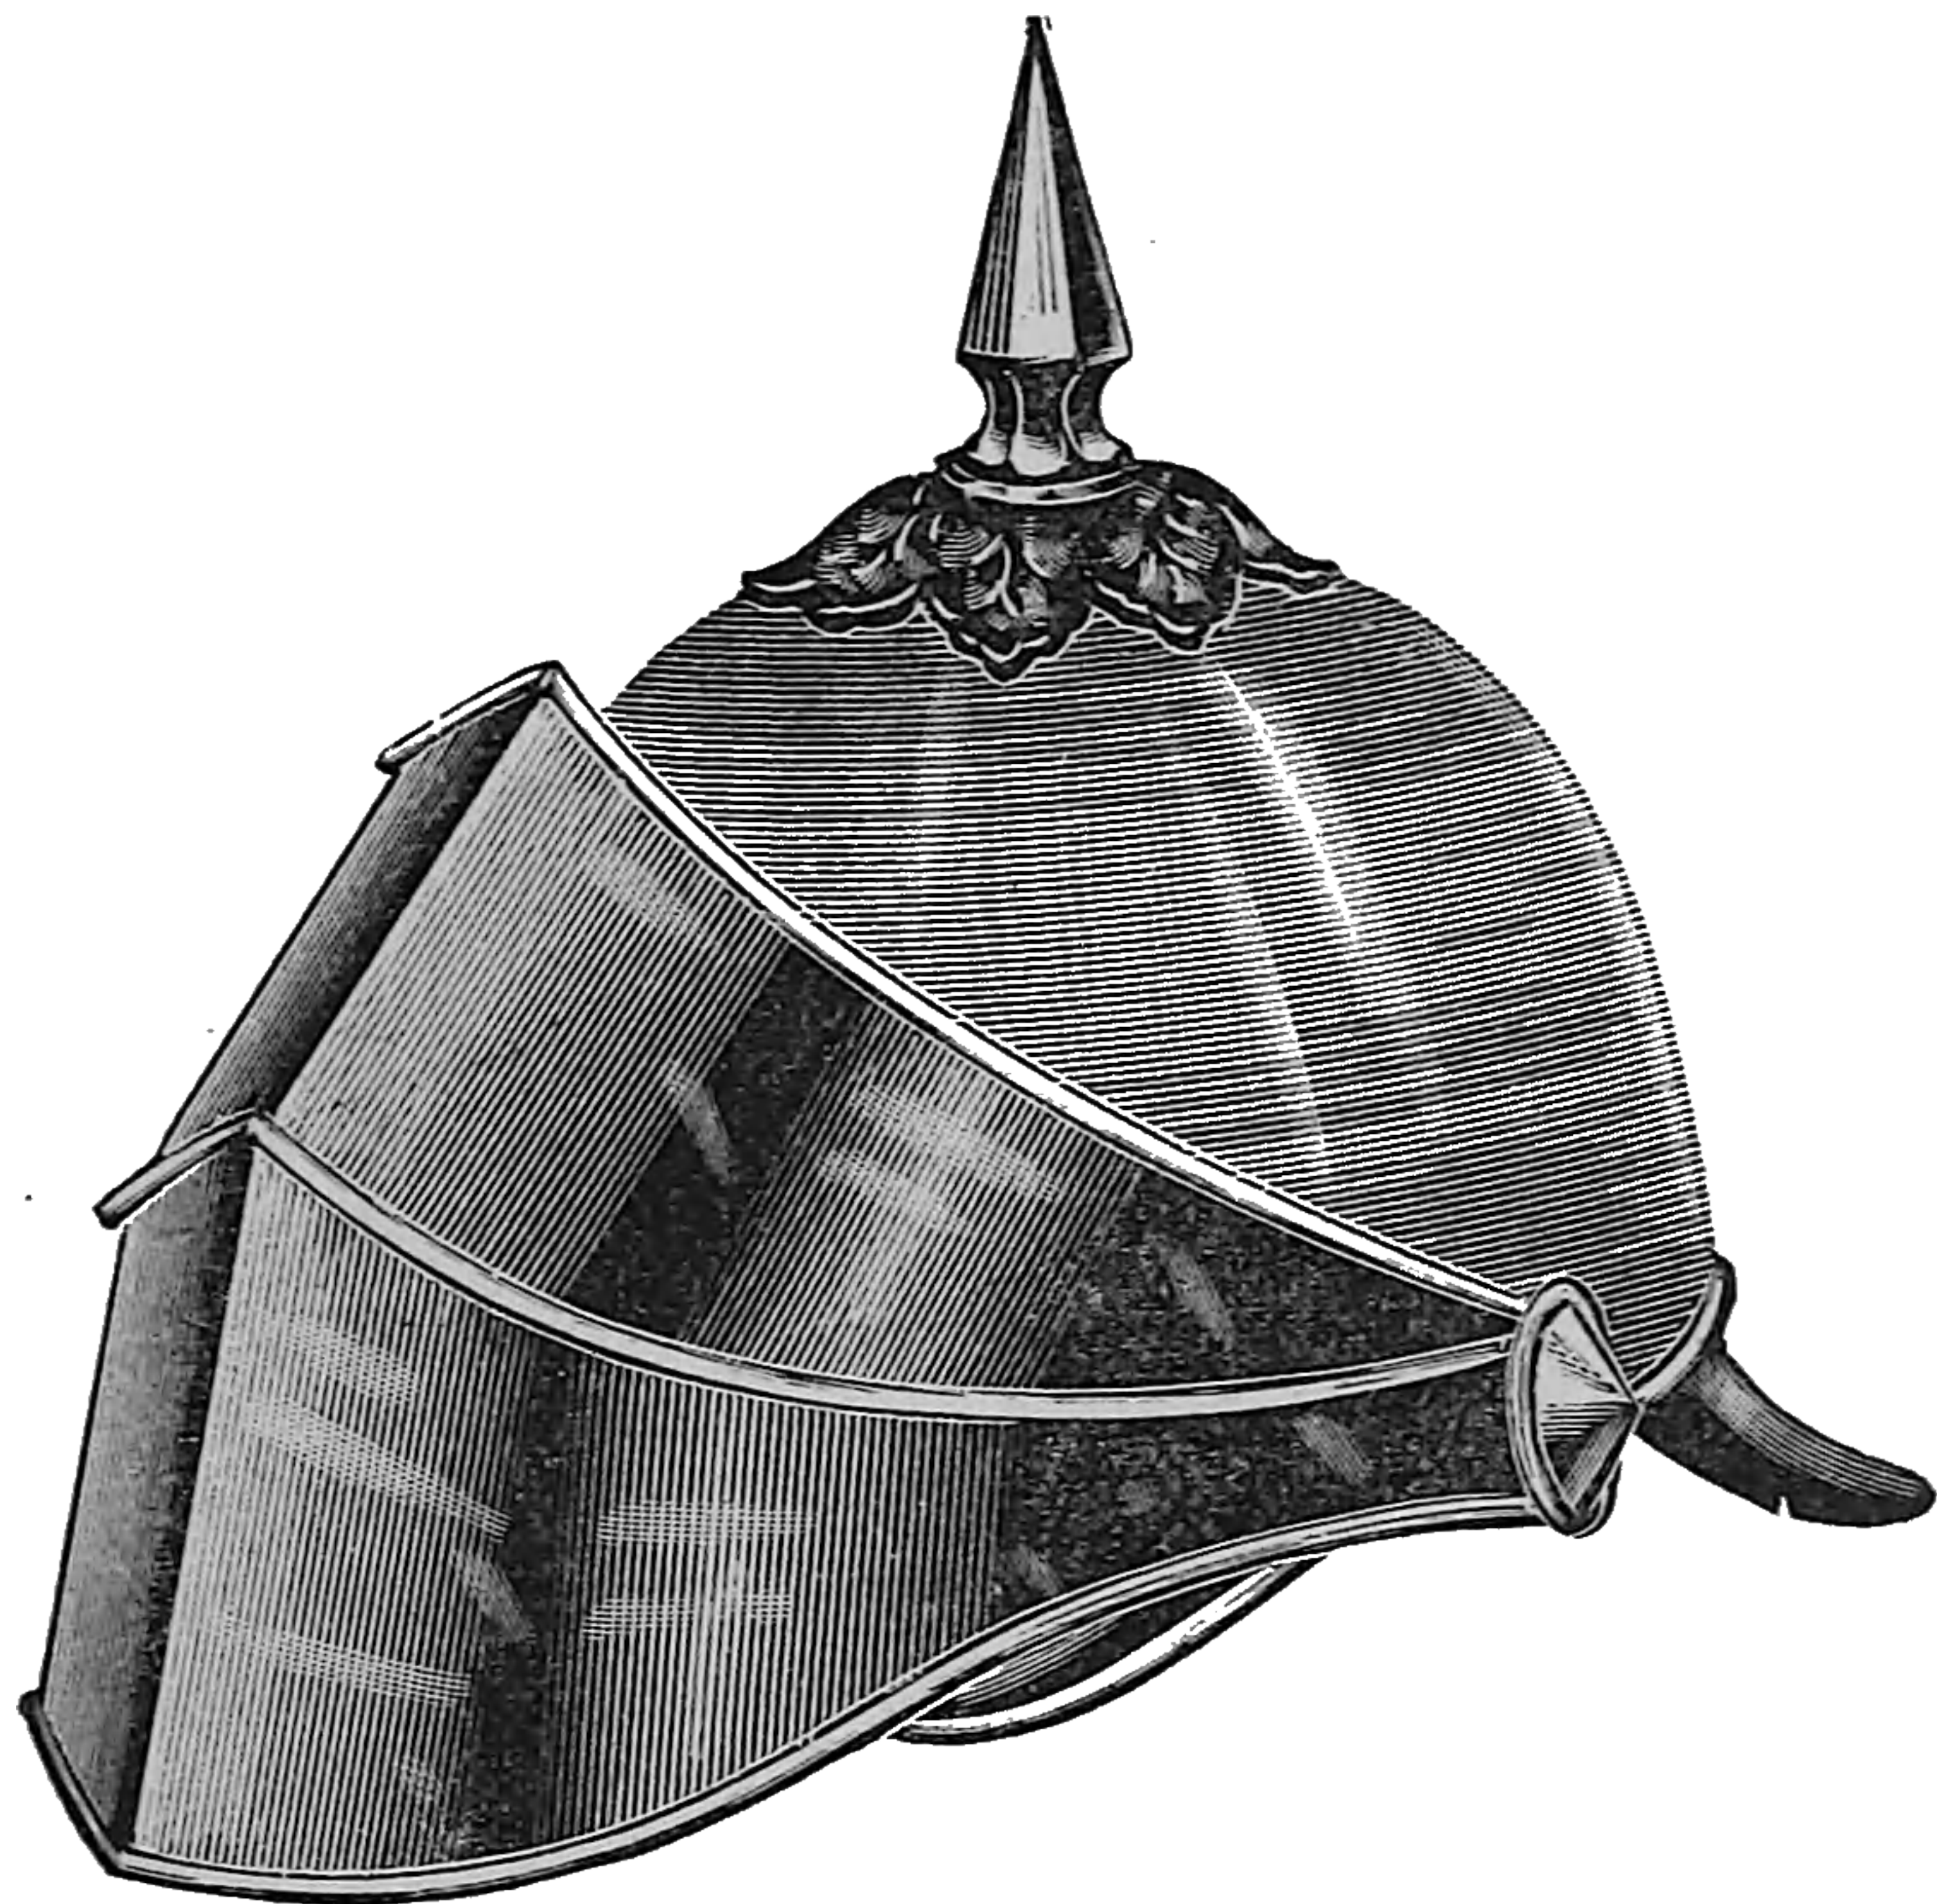

SECOND RANK PROPERTIES.

NOTE.—It will be observed that in none of the properties described below is there a C— attachment This is in accordance with the action of the Supreme Lodge, which, at the session in Milwaukee, in 1890, absolutely prohibited the further use of such attachment, either in old or new properties for this Rank. MUSICAL INSTRUMENTS.

In all the Ranks music lends efficient aid, and in the opening of the Third Rank it can be made especially effective.

For the benefit of Lodges not possessed of an organ or having an organist irregular in attendance, we list below small organs, automatic in action, giving all the effects of the larger instruments without requiring the practiced skill of the trained musician, as any one can render the odes, marches, etc., incident to the work in perfect tune and harmony.

Purchase one of these instruments and thus be independent of the services of an organist.

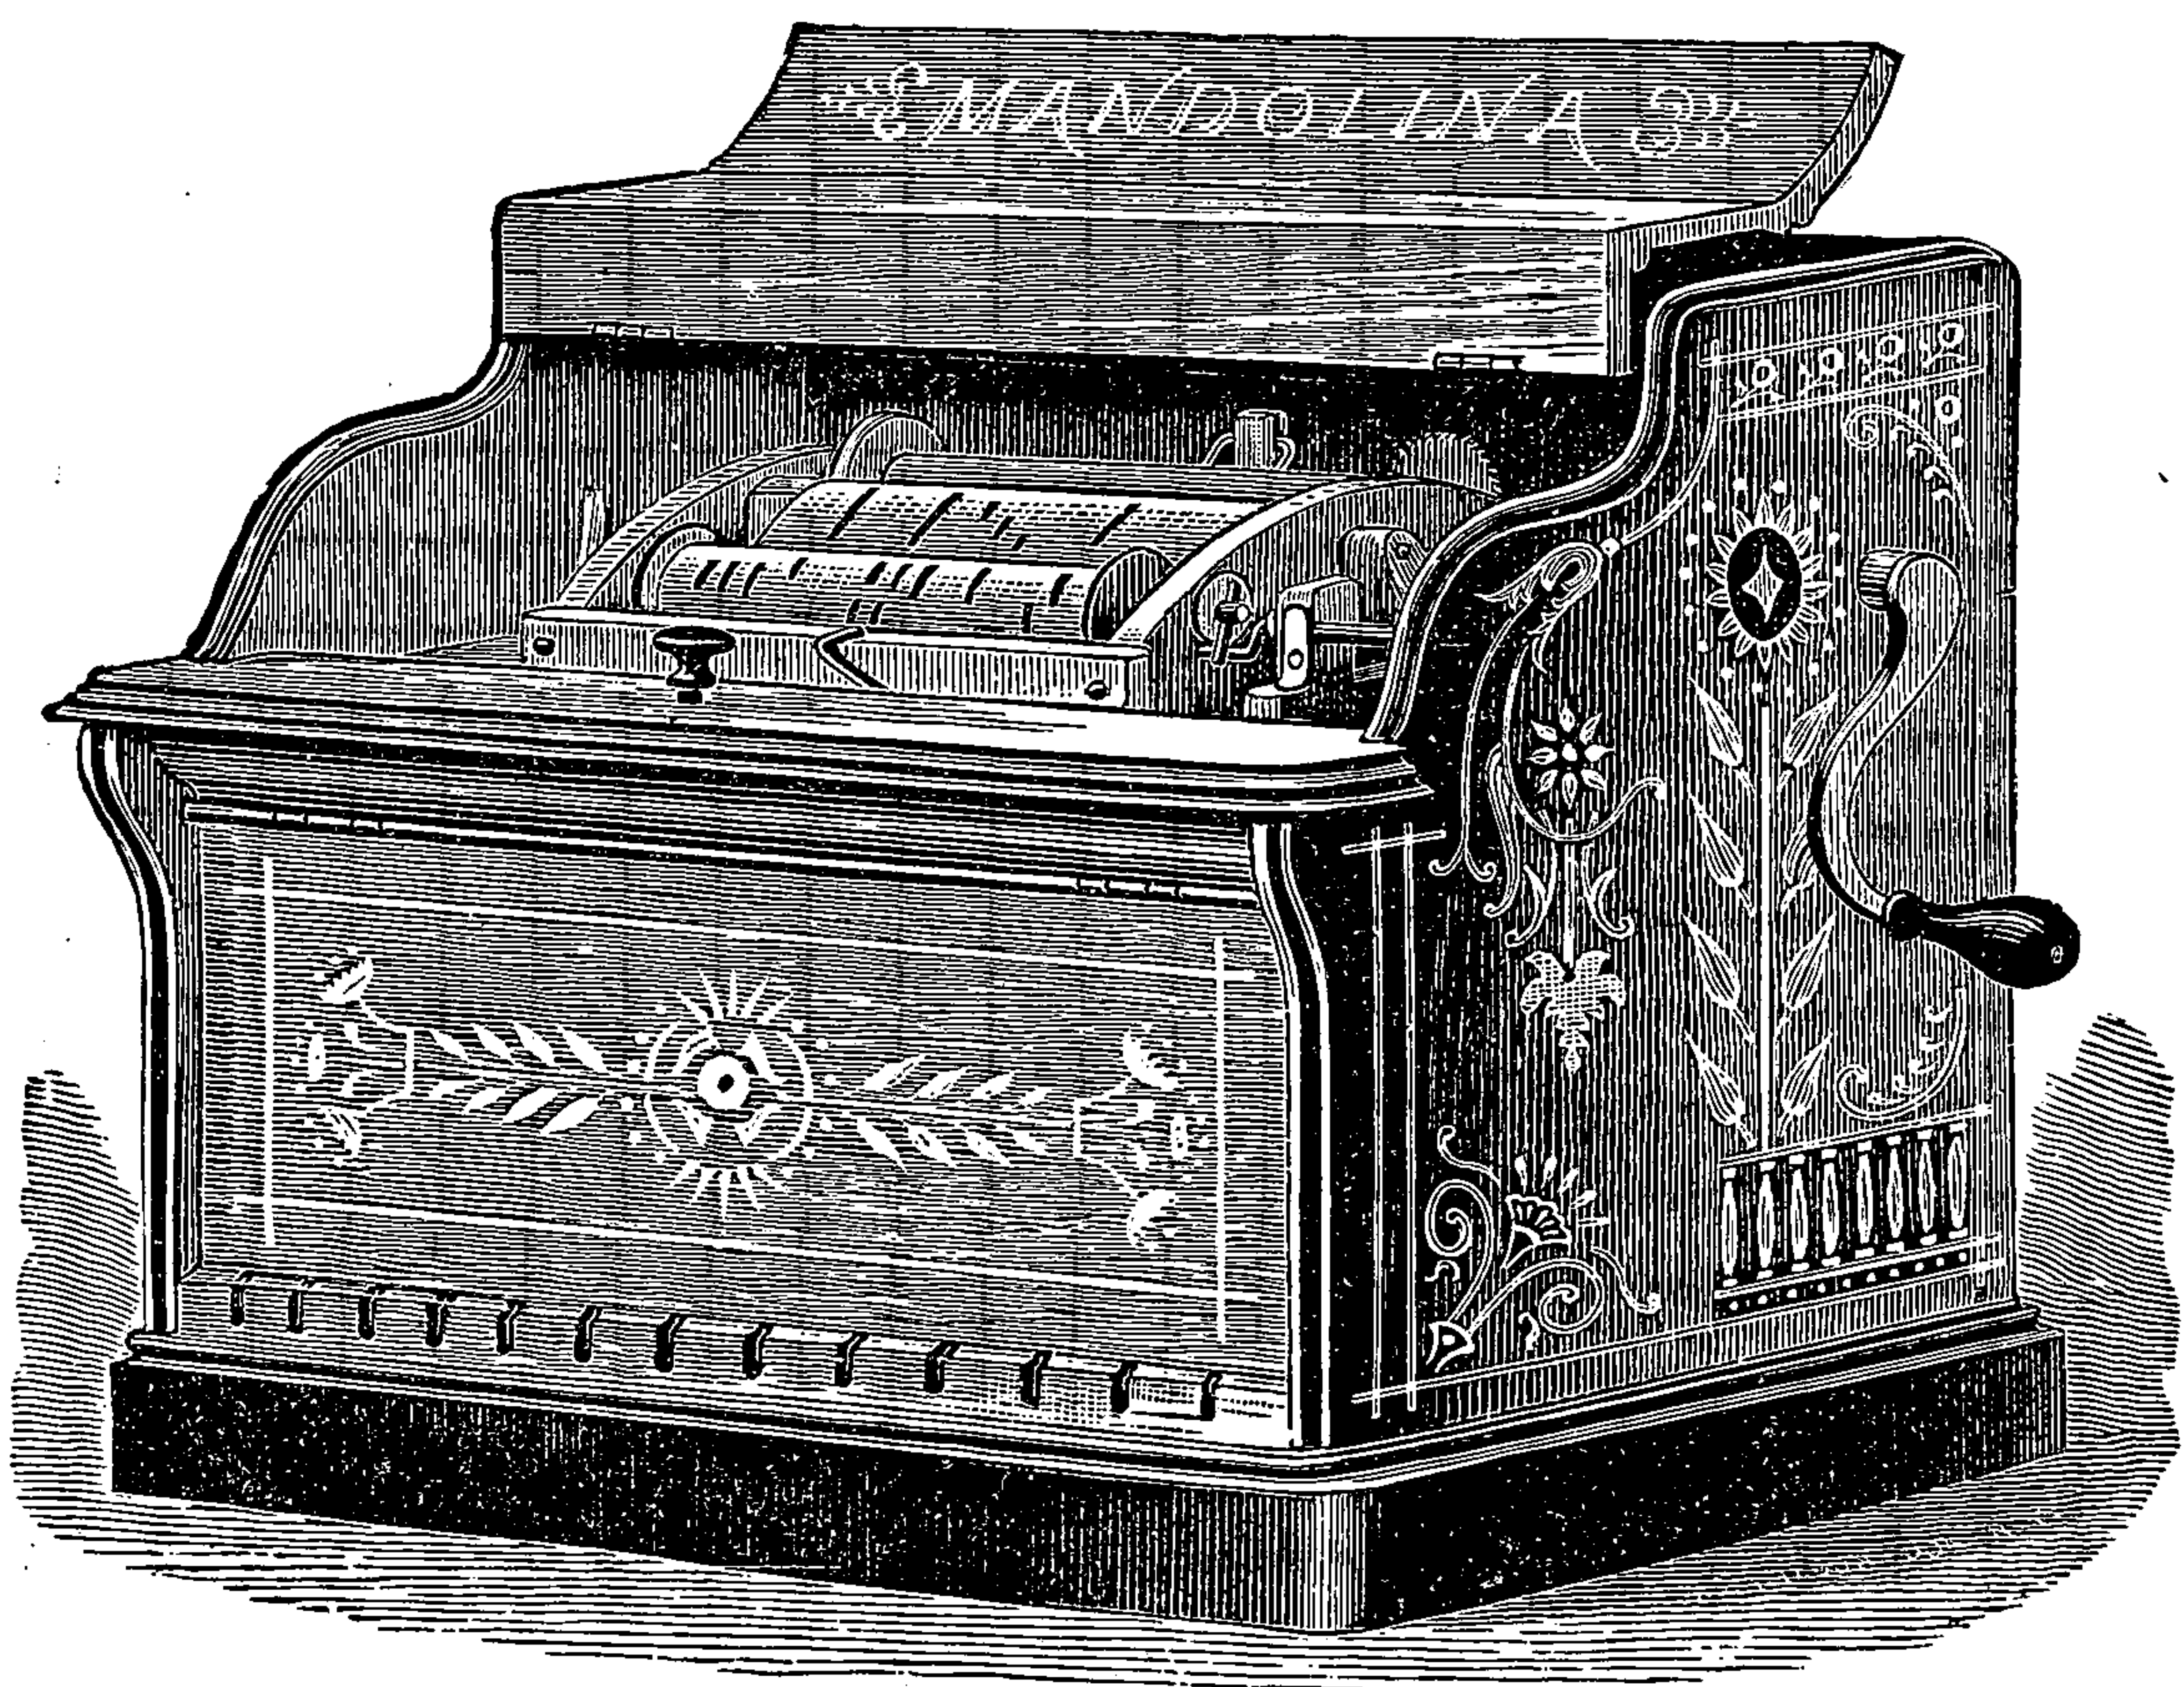

4475.

WE CAN FURNISH MUSICAL INSTRUMENTS OF ANY KIND.

MUSICAL INSTRUMENTS.--Continued.

4475.
- Celestina, the latest and best of small musical instruments. It is supplied with twenty reeds of unusual power and sweetness, and the music produced is of sufficient volume to fill a large sized hall. It plays all music, sacred and secular, popular and classical, the adjustment of the music being simplicity itself and the work of but a moment. It has no intricate mechanical arrangement, but every part is simple and durable and of the best material and finish. Put up in a handsomely polished black walnut case with gilt bronze ornamentation, weighing, boxed, 32 pounds. (See illustration, page 35.) III.--COSTUMES.

OFFICERS COSTUMES AND ACCESSORIES.

Nothing adds so much to the beauty and impressiveness of the work of conferring the several ranks as handsome and authentic costumes. While it is true the work *may* be done without them, it undeniably loses much of its dramatic force and effect.

“Men are impressed as much by what they see as by what they hear. Elegant properties are alone fit setting for the beautiful ceremonies of the ritual.”

Every Lodge should costume its officers, if not in rich or expensive attire, at least neatly and appropriately, for costumes may be of the simplest description, or most elaborate in material and detail, at the will and ability of the Lodge.

- Costumes for the principal officers are:
- For Chancellor Commander—Scarlet.
- Vice Chancellor—Yellow or Orange.
- Prelate—Black.
- Master of the Work—Blue.

The four officers above are usually dressed in long flowing robes, while the Master at Arms is required to be costumed in armor or coat of mail, with helmet, sword, belt, etc.

We list all costumes complete, but with each part itemized, so that items may be omitted, if desired.

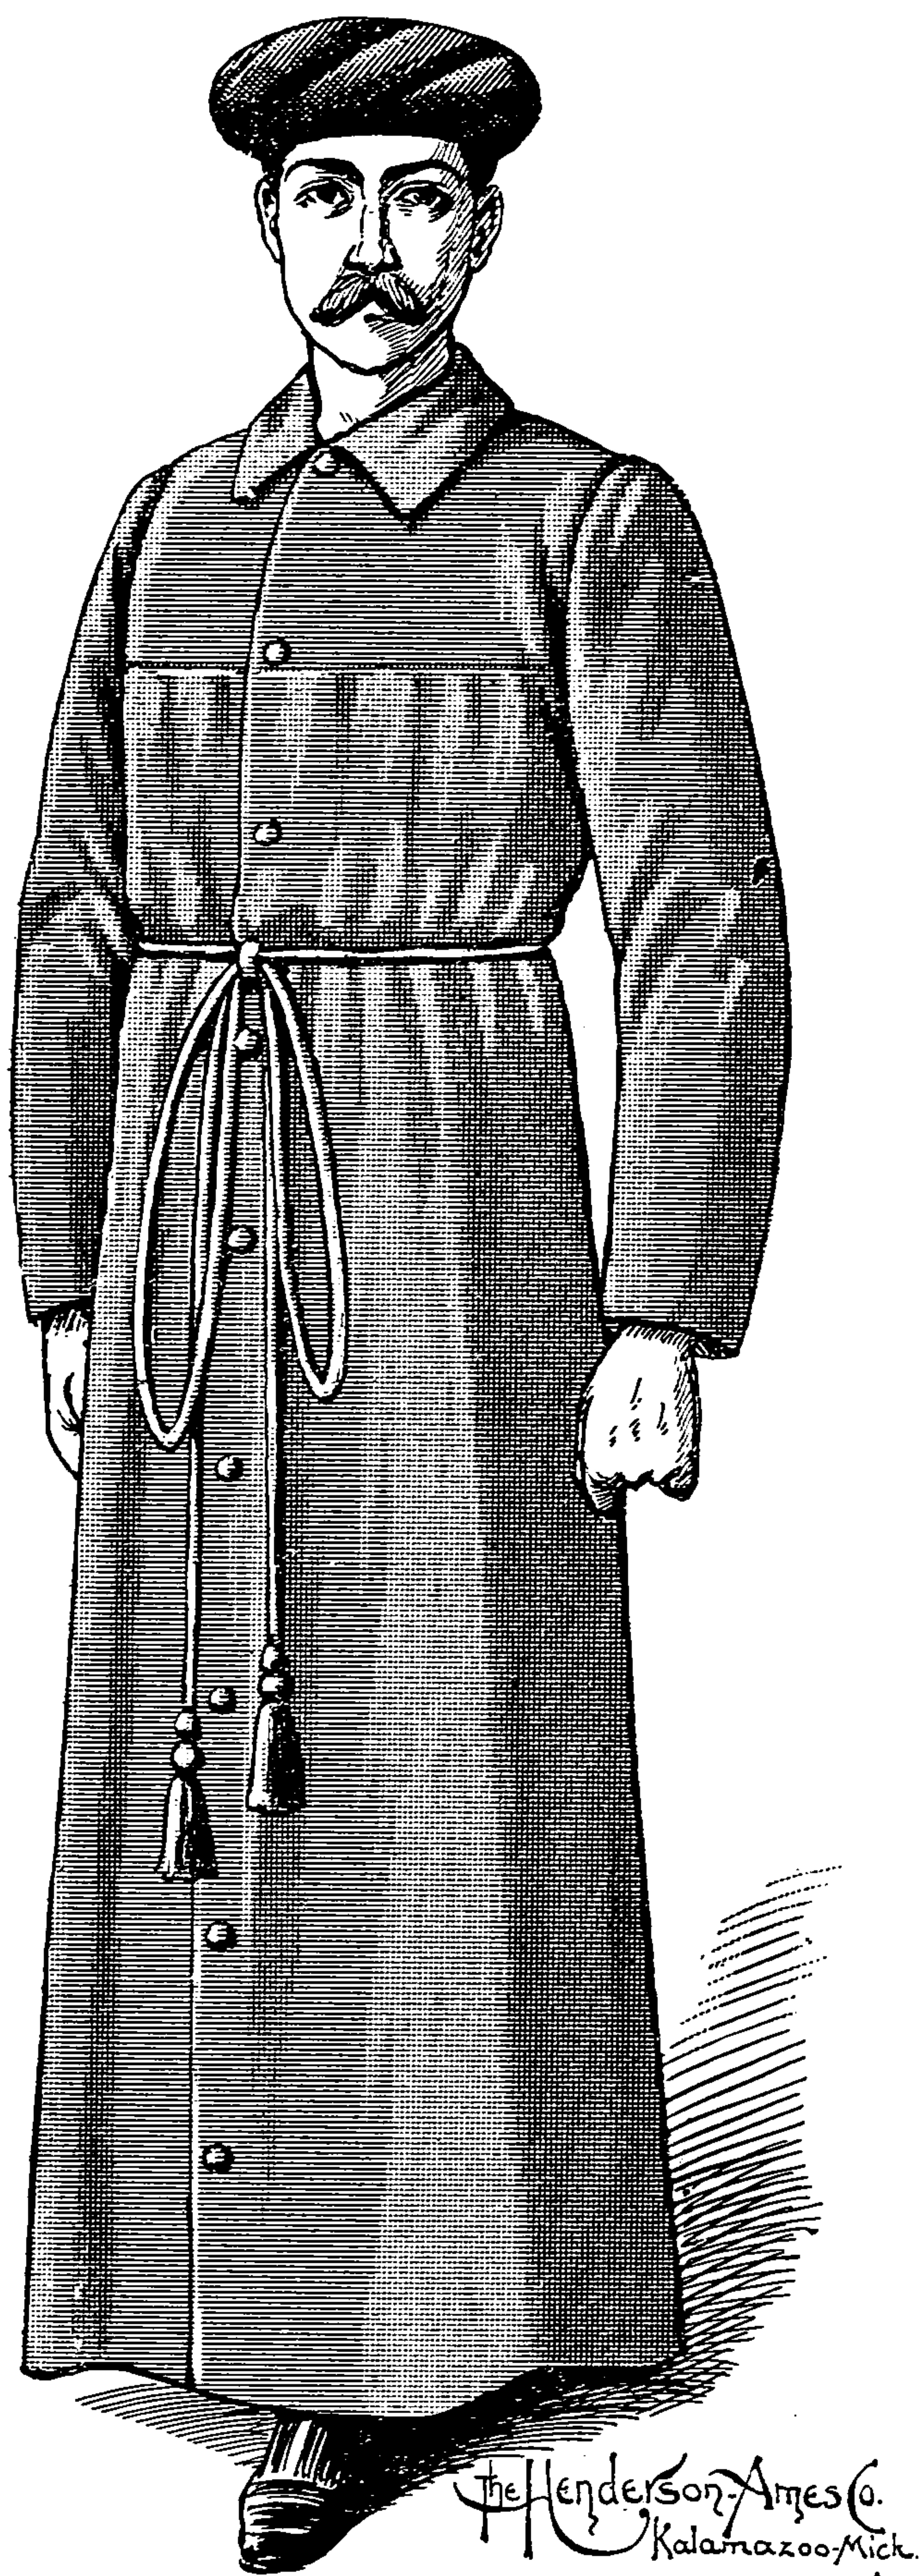

Robes and Armor Coats are *not* listed under a separate heading, but such articles, when wanted by themselves, may be selected from costumes here described, or we will quote special descriptions and prices when desired.

COSTUMES FOR THE RANK OF KNIGHT.

The costumes required for the work in the Third Rank in the full or regular form are, beside those for the Officers, already illustrated and described, those for Pythagoras, Scribe, Headsman, (these three optional,) Senators, Herald, King, Attendants, and, if desired, Guards.

In the following pages will be found illustrations and descriptions of these several costumes in variety.

The authentic costume of ancient Sicily was a straight white robe reaching to the feet, and ornamented in various styles of braiding or embroidery, and this is the style costume we recommend for Senators to those desirous of putting the work upon the floor with the greatest attention to authenticity and detail.

This costume, however, is not so picturesque, nor to some, as graceful, as the Roman Tunic (or Robe) and Toga, which, when made up in different colors, makes a very showy costume.

We therefore list both styles, and can furnish any other pattern that may be desired if described to us. We study and always aim to please our customers.

The authentic costumes are always made in white, unless otherwise ordered, the others in assorted colors.

LODGES ARE REQUIRED TO PAY EXPRESS CHARGES UPON SAMPLES.

COSTUMES.--CLOAKS OR MANTLES.

Where a lodge desires to economize as much as possible in the purchase of costumes, it is frequently the case that the robe used by the Chancellor Commander is made to do duty for the King as well. In such case, a cloak to be worn in addition becomes almost a necessity. Even special Kings' robes may be improved by adding a handsome cloak, and again, a very good effect is produced by the use of a cloak with many fine armor coats. We therefore list a few cloaks, and as in other goods, can make *any* other style wanted. In ordering, state for what character desired.

HOSE.

Thigh Hose are fast superseding Leggins, being more comfortable, lighter, more authentic, and present a better appearance.

Flesh color and black are probably the most worn, and unless otherwise instructed, one of these colors will be sent on orders, although almost any color may be had if so desired.

V.--NEW LODGE OUTFITS.

TERMS AND MODE OF SHIPMENT.

Unless otherwise ordered and special arrangements have been made, New Lodge Outfits are always shipped C. O. D. by express with privilege of examination, we paying return charges. This mode is recommended as the safest, quickest and affording the smallest chance for loss or damage.

Goods *may* be shipped C. O. D. by freight, in which case, however, we will not be responsible for delay or damage. When so shipped the goods will be consigned and every package plainly addressed to *The Henderson-Ames Co.*, and we properly endorse the bill of lading and forward it, accompanied by a draft upon the Lodge for the amount of the invoice to a bank in the city or town in which the new Lodge is located, or if there be no bank in the town, the draft and bill of lading will be sent by express. The draft must be paid in full before the bill of lading can be obtained and the goods secured, for, under the rules of the railroad companies there can be no examination of freight shipments before paying for them. Our reputation and standing is sufficient guarantee, however, that should there chance to be any errors made by us they will be corrected or exchanges made without expense to the Lodge.

APPROVAL OF ORDERS.

Do not forget that all orders for outfits for new Lodges must bear the certificate of the Grand Keeper of Records and Seal of the jurisdiction before it can legally be filled, therefore send your order to your Grand Keeper of Records and Seal with the request that he append the necessary certificate and forward it to us.

ORDER IN TIME.

As a general rule a complete outfit of average size and quality can be made up and shipped in a week or ten days after receiving the order. In busy seasons as much as a week longer may be required, therefore make due allowance in fixing the date of institution of the Lodge that there may be no disappointment through failure to receive the paraphernalia in time.

**GIVE SUFFICIENT TIME TO MAKE UP THE GOODS BEFORE YOU WILL
NEED THEM.**
